

ROSE SHIELD

Read entire label and follow all cautions and directions.

DEXOL ROSE-SHIELD kills aphids, leafhoppers, mites and white flies that feed on the plant sap. It also kills thrips and Cuban Laurel Thrip on roses, ornamental flowers and shrubs.

As a fungicide **DEXOL ROSE-SHIELD** controls Powdery Mildew on roses, asters, gardenias, snapdragons, and calendula. Apply before disease appears and repeat at 7 to 14 day intervals for disease control. The systemic action also helps part of the spray to be absorbed through the leaves and stems giving a long lasting all weather spray once the insecticide has entered the plant or tree.

For all above uses mix 2 tablespoons of **DEXOL ROSE-SHIELD** per gallon of water and thoroughly wet the plants with the spray. Do not handle plants until spray has dried. This product is toxic to fish and wildlife. Keep out of any body of water. Apply only as specified on this label.

CAUTION: Do not breathe spray mist. Do not get in eyes, on skin or on clothing. Wash contaminated clothing before reuse. Wash hands thoroughly after handling. Harmful if swallowed, inhaled or absorbed through the skin. If swallowed call physician immediately. **KEEP AWAY FROM CHILDREN.**

Do not reuse container. Destroy when empty. Bury container and any spray waste at least 18 inches deep in an area isolated from any water supply.

DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.

ACTIVE INGREDIENTS:

*S-(2-(Ethylsulfanyl) ethyl) 0,0-Dimethyl phosphorothioate	11.74 %
**2,4-Dinitro-6-octyl+ phenyl crotonate	1.197%
**2,6-Dinitro-4-octyl+ phenyl crotonate	
**Nitrooctyl+ phenols	0.083%
+A mixture of 1-methylheptyl, 1-ethylhexyl and 1-propylpentyl isomers	

INERT INGREDIENTS: 86.98 %
