

DIRECTIONS FOR USE

TO OPERATE: Hold can upright and spray infested surfaces only until wet.

FOR BLACK WIDOWS AND OTHER SPIDERS: Direct spray on pests whenever possible and spray into spider webs, cracks, crevices, baseboards and moldings; around door frames and window sills and storage shelves. These pests can also be found hiding in frames of patio furniture and in stored fireplace wood.

ROACHES, ANTS, WATERBUGS, SILVERFISH, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animals quarters following treatment. Do not treat animals with this formulation.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS, CHIGGERS, ANTS, AND BROWN DOG TICKS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

CAUTION: Harmful if swallowed. Avoid inhalation and skin contact; wash thoroughly after using. Avoid contamination of feed and foodstuffs. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not spray on or toward plastic tile. Do not use on household pets or humans. Do not use in serving areas while food is exposed.

Active Ingredients: 70%
*O,O-Diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate 0.500% *
Pyrethrins 0.052%
**Piperonyl Butoxide, Technical 0.261%
Petroleum Distillate 69.187%

Inert Ingredients: 30%
*Diazinon—Registered Trademark Geigy Chemical Corporation; U.S. Patent No. 2,754,243
*(Equivalent to 0.209% of (butylcarbityl) (6-propylpiperonyl) ether and 0.052% of related compounds)

DEXOL INDUSTRIES Torrance, California 90501
Dallas, Texas 75214

E.P.A. Reg. No. 192-100

- Kills BLACK WIDOWS, BROWN RECLUSE, and other poisonous and non-poisonous spiders
- Contains Diazinon* for residual protection
- Odorless, Stainless
