

## DEXOL SYSTEMIC HOUSE PLANT INSECTICIDE

For House Plants - Flowers - Tomatoes

Read entire label and follow all cautions and directions. DEXOL SYSTEMIC HOUSE PLANT INSECTICIDE enters the plant through its roots and is translocated through natural growth and flow of sap to the entire plant. Working from inside the plant it kills sucking insects that feed on the plant. DEXOL SYSTEMIC HOUSE PLANT INSECTICIDE protects potted plants, violets, roses, chrysanthemum, azaleas, birch, pyramantha, spirea and other flowers and shrubs from damage by aphids, mealybug, spider mites, thrip, leaf miners, white flies, lace bugs, leaf hoppers, and pine tip moths.

**POTTED PLANTS** - use 1 level teaspoonful for each 6" pot, 2 teaspoons for each 8" pot, and 1 tablespoon for each 10" pot. Mix thoroughly into top soil and drench with water.

**FOR FLOWERS** - Use following amounts and work into soil. Water thoroughly after application.

Before planting use one cup per 25 sq. ft. (5 x 5) of area, set plant in normal manner and water thoroughly.

Growing flowers - put one level teaspoonful in narrow band around each plant.

For flowers in a row - use 1/2 cup to each 6 ft. of row in a narrow band near base of plants.

**TOMATOES** - For control of aphids, flea beetles, leafhoppers, leaf miners, and mites, use as follows. In planting seed use 1 1/2 cups per 50 ft. of row in furrow with seed.

In transplanting put 2 level teaspoonfuls per plant in the transplant hole and mix with soil before setting plant.

**WARNING:** Do not apply within 30 days of harvest.  
Do not use on other plants to be used for human or animal consumption.

DO NOT APPLY BROADCAST APPLICATIONS TO LAWNS.

### WARNING

Poisoning may occur as a result of exposure. May be fatal if swallowed. May be absorbed through the skin. Do not breathe dust. Avoid contact with skin, eyes or clothing. Do not contaminate feed or food. Wash thoroughly after handling. Food utensils such as a teaspoon or measuring cup should not be used for food purposes after use with insecticides. Keep children and pets off treated areas until product is worked into the soil and treated areas have dried completely.

This product is toxic to fish and wildlife. Keep out of any body of water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

This product is toxic to bees and should not be applied when bees are actively visiting the area.

**Note to Physician:** Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

Do not Reuse Container for any purpose. Destroy when empty (Bury the container and any spillage at least 18" deep and in an area isolated from any water supply.)
