Mr. Michael A. Jackson
Dexol Industries
1450 W. 228th Street
Torrance, CA 90501

Dear Mr. Jackson:

Subject: Amendment - Label
Dexol Systemic House Plant Insect Control
EPA Registration No. 192-126
Your Submission dated April 21, 1994

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy is enclosed for your records.

1. Since this product is for residential use only, revise the statement beginning "For terrestrial uses do not apply directlyetc." to "Do not apply directly to water". Refer to PR Notice 93-8.

Sincerely yours,

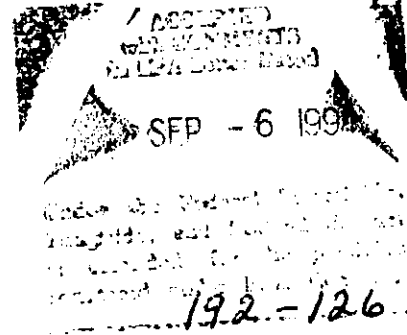

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: May be fatal if swallowed or inhaled. Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Do not breathe dust. Wash thoroughly after handling and before eating or using tobacco. Wear rubber gloves. Poisoning may occur as a result of exposure. Keep children and pets away from treated areas until product is worked and watered into the soil and treated area is completely dry. Food utensils such as teaspoons and measuring cups should not be used for food purposes after use with pesticides.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Never induce vomiting or give anything by mouth to an unconscious person. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated. **If On Skin:** Remove contaminated clothing. Wash affected areas with plenty of soap and water. **If in Eyes:** Flush eyes with plenty of water. Get medical attention if irritation persists. **Note to Physician:** If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, wildlife and birds. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **This product is for use only on plants grown in and around the home as listed. Do not apply this product to plants or sites not listed on this label.**

Dexol Systemic House Plant Insect Control contains an effective systemic insecticide that provides up to 6 weeks control of Aphids, Thrips, Mites, Leafhoppers, Leafminers and other insects as listed. Systemic means that the insecticide is actually absorbed into the plant through the root system and then moves internally through the sap stream into the branches, leaves, blossoms and new growth. Working from inside the plant, Dexol

[BACK PANEL - PAGE 2]

Systemic House Plant Insect Control kills sucking insects as they feed. It cannot be washed off by sprinkling or rain since the protection is internal.

When used as directed, Dexol Systemic House Plant Insect Control kills the following insects on roses, flowers, houseplants and shrubs: Aphids (plant lice), Spider Mites, Lace Bugs, Leafhoppers, Thrips, Whiteflies, Birch Leaf Miners, Camellia Scale, Elm Leaf Beetles, European Elm Scale, Holy Leaf Miner, Mimosa Webworms, Pine Tip Moths, Soft Scale (Coccus hesperidum), Tea Scale.

Avoid contact with skin. Always wear Rubber gloves when applying this product or mixing into the soil as directed below. DO NOT apply to any vegetable plants. DO NOT apply to ornamentals that are planted directly beneath edible fruit bearing trees. Repeat applications every 6 weeks as needed to maintain control of insect infestations.

FOR INDOOR & OUTDOOR POTTED PLANTS: Apply 2 level teaspoonsful for 6-inch pot, 4 level teaspoonsful for 8 inch pot and 2 tablespoonsful for 10 inch pot size. Use proportionately more for larger size pots. Punch a number of small holes into the soil. Pour granules into the holes and water thoroughly.

FOR ORNAMENTAL SHRUBS: Apply 4 ozs. for each foot of shrub height. Distribute the required amount evenly from the base to the dripline of all sides of the plants. Work into the top 1 or 2 inches of soil and water in thoroughly. Apply when plants have about 1 inch of new growth in the spring and reapply every six weeks through the end of the summer.

FOR ESTABLISHED ROSES: Apply 2 ozs. evenly around the base of each plant and work into the top 1 or 2 inches of soil. Water in thoroughly.

WHEN PLANTING NEW ROSE BUSHES: After planting, mix 1.5 oz. per bush into the top 2 inches of soil. Water thoroughly.

FOR FLOWERS, BULBS, BEDDING PLANTS: **Before Planting** - Apply 1/2 lb. (8 ozs.) per each 25 sq.ft. (5' x 5') of bed area. Work into the top 1 to 2 inches of soil. Plant seed or set plants and water thoroughly. **Growing Plants** - Apply 2 level teaspoonsful in a band around each plant. Work into the top 1 to 2 inches of soil. Water thoroughly.

STORAGE & DISPOSAL

Storage: Store in a cool, dry place. Keep in original container and preferably in a locked storage area. **Pesticide Disposal:** Securely wrap container in several layers of newspaper and discard in trash. **Container Disposal:** Do not reuse empty container. Discard container in trash.
