--	------------------------

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 192-170" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dexol Carpet Dust provides an effective and easy way to kill Fleas, Ticks, Roaches, Ants, Lice and Silverfish that live and breed in carpets and upholstery. This combination of the natural insecticide pyrethrins with a deodorizing agent and pleasant fragrance leaves treated areas with a fresh, clean scent.

HOW TO USE: Shake container well before using. Remove plastic seal and sprinkle evenly onto carpets at the rate of 4 oz. to 100 sq. ft. Brush lightly with a broom to allow product to penetrate carpet fibers. Allow product to remain on the carpet for at least 60 minutes and then simply vacuum away. Reapply as needed to maintain control.

NOTE: For severe infestations, allow product to remain on carpet 2-3 hours before vacuuming.

To use on upholstery, remove all loose cushions. Sprinkle along creases and into corners. Brush gently, wait 60 minutes and vacuum away. Also apply along underside of furniture. **DO NOT** use on exposed fabric; may cause staining.

IMPORTANT: Do not allow product to become wet. If product adheres to a spot, brush it out and vacuum immediately. **Apply to dry surfaces only.** Test on hidden surface of carpet or upholstery before applying. If texture or color is affected, do not use. Always remove bag from vacuum cleaner after use. Wrap bag securely in several layers of newspaper and discard in trash. For best results, carpet and upholstery should be cleaned at least a week before or immediately after this product is used. This will help remove lodged debris in fibers which pests such as Fleas and Roaches thrive on.

STORAGE & DISPOSAL

STORAGE: Store in a cool, dry place. Keep in original container and preferably in a locked storage area. **PRODUCT DISPOSAL:** Partially filled container may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Discard container in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly after handling and before eating or smoking. Avoid contamination of feed or foodstuffs. Do not use in food serving areas while food is exposed. Food processing surfaces and utensils should be covered or thoroughly washed after treatment. Cover fish aquariums before use. Keep children and pets off treated carpets and upholstered furniture during treatment and until area is vacuumed.

(Back Panel-cont'd)

STATEMENT OF PRACTICAL TREATMENT

If Swallowed, call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Never induce vomiting or give anything by mouth to an unconscious person. If on skin, wash affected areas with plenty of soap and water. If in eyes, flush eyes with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
