 - Makes 8 gallons of Finished Spray
[This statement will be used on 1/2 gal. container only]
 - Makes up to 16 gallons of Finished Spray
[This statement will be used on 1 gallon container only]
 - Treats up to 1,600 Sq. Ft.
[This statement will be used on 1/2 gal. container]
 - Treats up to 3,200 Sq. Ft.
[This statement will be used on 1 gal. container]

Active Ingredient:

Diquat Dibromide [6,7-dihydrodipyrido (1,2,-a:2',1'-c) pyrazinedium dibromide..... 1.84%

Inert Ingredients:..... 98.16%

100.00%

Keep Out of Reach of Children

CAUTION

See back panel for additional precautionary statements

Net 1 Gallon (3.78 L)

[BACK CONTAINER PANEL]

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with it's labeling. **This product is only for use around the outside of homes.**

GENERAL: Dexol Weed & Grass Killer Concentrate is a non-selective herbicide that kills (desiccates) weeds and grasses on contact. It's phytotoxic properties are quickly inactivated on contact with soil and will not harm roots of non-target plants. Grasses and weeds will begin to wilt after 8 hours with complete death (of most weeds), within 1-3 days; at which time treated areas may be re-seeded. Apply as directed to kill unwanted vegetation around trees, shrubs, walks, drives curbs, gutters, fences and patios. Difficult to control weeds such as Bermudagrass and Dallisgrass may require more than one application to give complete control. Will not stain gravel or paved areas. use to keep weed and grasses from creeping into unwanted areas.

WHEN TO APPLY: Apply anytime unwanted vegetation is actively growing. For fastest results, apply in full sun when temperature is above 60°F. **DO NOT** allow spray to contact or drift to desirable foliage. Respray perennial weeds when green reappears.

HOW TO APPLY

Pressure Sprayers

SHAKE WELL BEFORE USING. Mix 8 fl. oz. per 1 gallon of water to cover approximately 200 square feet. Coverage may vary depending on size and amount of top growth to be eliminated. Apply using a tank type garden sprayer or sprinkler can. Use of a hose-end sprayer should be limited to large areas where large scale vegetation kill is desired and no desirable plants exist. See below for directions.

IMPORTANT: Do not allow this product to contact or drift onto desirable vegetation. Do not apply during windy weather. Make sure spray mist does not contact the leaves, green bark, bud crowns or broken bark on trees or other desirable plants. Should contact occur, wash off immediately with water. Do not track from treated to untreated areas. **ENTRY RESTRICTIONS:** Do not allow people or pets to touch treated plants until the sprays have dried. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Only persons applying this product may be in the area during application.

STORAGE & DISPOSAL

STORAGE: Keep this product in original container. Store in a locked storage area inaccessible to children and pets. **DISPOSAL:** Do not reuse empty container. Wrap container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing.
