NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase, "EPA Registration No. 192-186".
- b. Under the ingredient statement, change the cis-trans isomers ratio maximum and minimum 65% and 35% respectively.
- c. The statement "This product is for use in and around home areas only. Do not use in commercial establishments" should appear on the front label panel rather in the precautionary statements.

d. Since this product is for household use only, revise the Environmental Hazards statement as follows:

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by disposal.

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

4. The five alternate Confidential Statements of Formulas are not acceptable. Please provide the chemical identity for all components, Material Safety Data Sheets, CAS Numbers and percentage in the mixture for the following fragrances:

- Glade Country Garden Fragrance
- Glade Country Berry Fragrance
- Neutralizer Fragrance
- Sea Breeze Fragrance
- Lavender Fragrance

The supplier may contact us directly referencing your EPA Registration Number in their response.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca  
 Product Manager 13  
 Insecticide-Rodenticide Branch

**[BACK PANEL]**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed, inhaled or absorbed through the skin. Do not breath vapors or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating or smoking. If clothing becomes contaminated, remove and launder before reuse. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets, birds and cover fish aquariums before spraying. This product is for use in and around home areas only. Do not use in commercial establishments.

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

**STATEMENT OF PRACTICAL TREATMENT**

**If Swallowed:** Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Never induce vomiting or give anything by mouth to an unconscious person. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated and get medical attention. **If On Skin:** Remove contaminated clothing and wash affected areas with plenty of soap and water. **If In Eyes:** Flush eyes with plenty of water. Get medical attention if irritation persists.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by disposal.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is for use in and around the home only. Do not apply the product to areas or sites not listed or prohibited on this label. This product is for spot/crack & crevice treatment only. Do not use as a space spray or make broadcast treatments.

**SHAKE WELL BEFORE USE**

**General:** Apply this product as a spot or crack and crevice treatment to control cockroaches, fleas, silverfish, ticks, waterbugs and other insects listed below. Apply this product as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

**To Kill Ants, Cockroaches, Crickets, Silverfish, Spiders, Sowbugs and Carpet Beetles:** Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility

595

**[BACK PANEL - PAGE 2]**

installations. Pests driven out of hiding places should be sprayed directly. For Ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance. Repeat as necessary.

**To Kill Brown Dog Ticks and Fleas:** Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. **DO NOT SPRAY PETS WITH THIS PRODUCT.**

**To Kill Flies and Mosquitoes:** Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when necessary.

**STORAGE & DISPOSAL**

**Storage:** Store in a cool, dry area away from heat or open flame and preferably in a locked storage area inaccessible to children and pets.

**Disposal:** Replace cap and discard container in trash. Do not incinerate or puncture container.

**NOTICE:** BUYER ASSUMES ALL RESPONSIBILITY FOR SAFETY AND USE NOT IN ACCORDANCE WITH DIRECTIONS AND PRECAUTIONS.
