TERM OF ISSUANCE  
Conditional

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION  
*(Under the Federal Insecticide, Fungicide  
and Rodenticide Act, as amended)*

NAME OF PESTICIDE PRODUCT  
Dexol Predator Roach Powder with Boric Acid

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Dexol Industries  
1450 W. 228th Street  
Torrance, California 90501

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data, and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following revisions to the label prior to releasing the product for shipment.
  - a. Add the phrase "EPA Registration No. 192-193" to the label.
  - b. The specific use site(s) must be listed on the product label. Based upon your conversation of 12 December 1994 with Daphne Waldo of my staff, it is understood that the use pattern for this pesticide will be home-owner use only.
  - c. Add the following text to both the section titled "For Cockroaches, Ants,..." and to the section titled "For Carpenter Ants...":

Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only to areas inaccessible to children and pets.

d. Add the following statement to the **PRECAUTIONARY STATEMENTS** text: Wash thoroughly after handling.

e. Add the following text to the **STATEMENT OF PRACTICAL TREATMENT**: If swallowed, immediately contact Poison Control Center or Physician.

3. The "Cite-All" method of support is no longer an option for those products which contain boric acid as an active ingredient.

a. The **Certification with Respect to Citation of Data** statement is not correct. You may elect the **Selective Method** of support, specifically listing the appropriate MRID Numbers for those studies which are being referenced to support this application for pesticide registration. If the **Selective Method** of support is chosen, do not sign the **General Offer to Pay** statement.

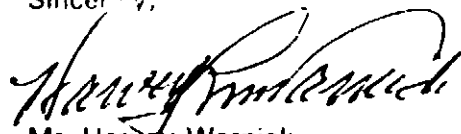

b. The appropriate MRID Numbers must be supplied for the following studies:

- (1) Enforcement Analytical Method
- (2) Storage Stability
- (3) Acute Oral Toxicity
- (4) Acute Dermal Toxicity
- (5) Acute Inhalation Toxicity
- (6) Primary Eye Irritation
- (7) Primary Dermal Irritation
- (8) Dermal Sensitization

4. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Sincerely,

Mr. Harvey Warnick  
Acting Product Manager 10  
Insecticide-Rodenticide Branch  
Registration Division

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Dexol Predator Roach Powder effectively controls Cockroaches, Ants (including Carpenter Ants), Palmettobugs, Silverfish and Waterbugs in homes and other residential areas. The convenient applicator head allows for easy application into cracks, crevices and other hard to reach locations where insects may hide and crawl.

**For Cockroaches, Ants, Palmettobugs, Silverfish and Waterbugs:** Placement of the Dexol Predator Roach Powder is important for effective insect control. Apply to cracks and crevices around cabinets, cupboards, baseboards and in closets. Thoroughly dust areas under sinks, dishwashers, refrigerators, stoves, and tubs in laundry areas. Apply into openings around water pipes, drains and electrical conduits. Dust into lower drawer wells of kitchen and bathroom cabinets and bedroom dressers. In kitchen cabinets, apply a line of powder from corner to corner in rear of cabinets. If necessary, drill  $\frac{1}{4}$  to  $\frac{1}{2}$  inch holes in top of rear kick panels in cabinets and apply dust generously through drilled holes. For Ants, also apply powder to ant trails and around doors and windows where they may enter premises.

**For Carpenter Ants:** Apply dust around doors and windows and other places where ants enter premises and where the crawl or hide. Also force dust into cracks and crevices or through openings or small newly drilled holes into wall voids where ants and/or nests are present. Apply a sufficient amount to lightly cover area surfaces.

**STORAGE & DISPOSAL**

**Storage:** Store in a cool, dry place and preferably in a locked storage area inaccessible to children and pets. **Disposal:** Do not reuse container. Wrap container in several layers of newspaper and discard in trash.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. May cause eye irritation. Avoid contact with eyes. Avoid inhalation of dust. Apply in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.

**STATEMENT OF PRACTICAL TREATMENT**

If in eyes, flush eyes with plenty of water. Get medical attention if irritation persists.

**NOTICE:** BUYER ASSUMES ALL RESPONSIBILITY FOR SAFETY AND USE NOT IN STRICT ACCORDANCE WITH DIRECTIONS.
