Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Dexol Industries
1450 W. 228th Street
Torrance, CA 90501

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 192-197".

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Get medical attention if irritation persists. **If in Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting. Extremely Flammable.

Dexol Flea Free Fogger contains a unique combination of ingredients that kills both adult and preadult fleas. Even kills fleas before they grow up to bite. Nylar® a unique ingredient in this flea spray, continues to kill fleas for 210 days (7 months) by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, floor cracks. Protects your home from reinfestation and fleas buildup, your pets and family from bites.

Use in Home, Apartments, Attics, Basements, Campers, Boats, Household Storage Areas, Garages, Pet Sleeping Areas and Cabins. **Dexol Flea Free Fogger** also kills Ants, Cockroaches, Crickets, Houseflies, Mosquitoes, Rice Weevils, Saw-Toothed Grain Beetles and Small Flying Moths. When used as directed, this product will not harm drapes, upholstery, fabrics, carpeting, bedspreads, clothing, linen, furniture, walls, floor tiles, ceiling, shades and blinds. Use one 6 oz. container to treat 6,000 cubic feet of unobstructed area. Use additional containers for remote rooms or where free flow of mist is not assured. Do not use this unit in a cabinet or under a counter or table or in an area less than 100 cubic feet.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING. KEEP CONTAINER UPRIGHT

1. Cover exposed food, dishes and food-handling equipment. Open cabinets and doors of areas to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows.
2. Place the fogger on a stand or table in the center of the room. Remove any items close to the fogger to prevent marring of surface.
3. Point can away from face and eyes and lock valve in the open position for automatic discharge. Leave building at once and keep building closed for 2 hours before returning.
4. After 2 hours, open all doors and windows and allow treated areas to air for 30 minutes.

484

To Control Fleas and Ticks: Old bedding should be removed and replaced with fresh, clean bedding after treatment. Pets and yard should be treated with a registered product for flea and tick control in conjunction with this treatment.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or open flame and preferably in a locked storage area inaccessible to children and pets. **DISPOSAL:** Replace cap and discard container in trash. Do not incinerate or puncture container.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
