# Dexol gallon RTU\_Multipurpose Insect Spray

Dezel Multipurpose Insect Spray controls Cockroaches, Ants, Fleas, Ticks, Spiders, Silverfish and other listed pests for up to two months.

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Affix trigger sprayer to container for application. Do not transfer to another container. Not for use on pets.

FOR HOUSEHOLD USE ONLY: For use in homes, apartments, attics, basements, campers, boats, houshold storage areas, garages, pet sleeping areas, cabins.

HIDOOR USE: For spot application only. Do not use as a space spray indoors. Cockroaches, Waterburgs, Paimetto Bugs, Scorpions, Millipedes, Contipedes, Sowbugs, Pilbugs, Ants, Silverfish, Firebrats, Spiders, Crickets, Clover Miles, Cheese Miles, Granary Weevils, Rice Weevils, confused Flour Beeties, Rust Red Hour Beetles, Drugstore Beetles, Mealworms, Grain Mites and Cadelles.

COCKROACHES (WATERBUGS), ANTS, SILVERFISH; Make soot applications of this product to baseboards, areas around water pipes, cracks and crevices, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, and similar areas where theses insects hide.

Ants: To kill ants, spray trails, nests and points of entry within buildings and homes. Spray directly on insects where possible. Repeat application as necessary to maintain control.

CARPET BEETLES: Spray in spot applications along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever these insects are seen or suspected.

SPIDERS AND SCORPIONS: Spray around windows, doors, and along baseboards. Make spot applications to other areas over which these pests may crawl.

BEDBUGS: Spray mattresses lightly, particularly around tufts and seams. Take beds apart and spray in all joints. Treat baseboards, moldings and floors. Repeat treatment as needed.

FLEAS (Adult and larvae), Brown Dog Ticks: Apply to infested areas, around baseboards, windows and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Fresh bedding should be placed in animal quarters following treatment.

NOTE: Always spot test for color fastness of surfaces prior to making a full treatment. Repeat as necessary. Allow to dry thoroughly before allowing children or pets on treated areas.

PANTRY-PESTS EXPOSED STAGES (Saw-toothed Grain Beetle, Flour Beetle, Rice Weevil, Cigarette Beetle, Drugstore Beetle, Indian Meal Moth): Spray this product on shelves and in curboards where food containers suspected of being infested are stored. Remove all food and shelving paper before spraying. Do not replace the food packages until spray has dried. Cover shelves with shelving paper. This treatment is supplemental to good housekeeping, since it will have no effect on insect breeding within food packages. Intested food packages should be destroyed.

OUTDOOR USE: Use this product to control Cockroaches, Waterbugs, Palmetto Bugs, Scorpions, Millipedes, Centipedes, Sowbugs, Pillbugs, Ants, Silverfish, Hirebrats, Spiders, Crickets, Clover Mites, and Cadelles. To help prevent infestation of building, treat the building foundation to a height of 2-3 feet, where pests are active and may find entrance. Also apply as a residual spray to outside surfaces of building, including porches, screens, whole winames, eaves, patios, garages, refuse dumps, and other areas where these pests congregate or have been seen. Repeat treatment as needed to maintain effectiveness.

TICKS: To help control ticks in outdoor activity areas, treat a band of vegetation 6-8 feet wide and adjacent to activity areas, especially where dense vegetation occurs.

Not for use on ornamentals grown for sale or for commercial seed production or for research purposes.

#### PRECAUTIONARY STATEMENTS **Hazards to Humana and Domestic Animals**

CAUTION: Wash thoroughly after handling and before smoking or eating. Avoid contamination of feed and foodstuffs. Remove pets and birds and cover fish aquaria before surface applications. Do not use on humans. Do not allow children or pets to contact treated areas until surfaces are dry.

# **STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry area away from heat or open flame. Keep in original container and preferably in a locked storage area inaccessible to children and pets. DISPOSAL: Do not reuse empty container. Rinse thoroughly before discarding. In trash. Securety wrap original container in several layers of newspaper and discard in trash.

### **ENVIRONMENTAL HAZARDS**

This product is extremely toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on this label. Cover aquariums and terrariums before spraving.

# LIMITED WARRANTY AND DISCLAIMER Buyer assumes all responsibility for safety and use not in accordance with directions.

RM# 15703

If for any reason you are not completely satisfied by your purchase, simply return

the product with proof of purchase for a replacement or refund. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.
