

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION  
(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

TERM OF ISSUANCE  
*Conditional*  
NAME OF PESTICIDE PRODUCT  
Dexol Mole Killer Pellets 2

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)  
  
Dexol Industries  
1450 W. 228th St  
Torrance, CA 90501  
  
16/18 5-509191

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.  
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(7)(A) provided that you:

- A. Make the labeling changes listed below before you release the product for shipment:
  1. Add "EPA Reg. No. 192-204" to your label.
  2. Restructure the beginning of your use directions as follows:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
Read this label: Read this entire label and follow all use directions and use precautions.  
Use Restrictions: ...

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL \_\_\_\_\_ DATE \_\_\_\_\_

2 96

3. Change "STATEMENT OF PRACTICAL TREATMENT" to "FIRST AID".

Submit one copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

William W. Jacobs, PhD  
Product Manager (14)  
Insecticide-Rodenticide Branch  
Registration Division (H7504C)

Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

KILLS MOLES

192-204

FOR USE AGAINST MOLES AND POCKET GOPHERS  
IN HOME LAWNS  
~~AND OTHER NON-CROP AREAS~~

ACTIVE INGREDIENT:

Zinc Phosphide..... 2.0%

INERT INGREDIENTS:..... 98.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

NET 1 LB. (454G)

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Keep away from humans, domestic animals, and pets. May be fatal or harmful if swallowed or inhaled. Avoid eyes or skin contact. Do not breathe dust. Avoid contamination of feed or foodstuffs. Avoid contact with acids.

**STATEMENT OF PRACTICAL TREATMENT**

Any person applying zinc phosphide products and experiencing signs and symptoms such as nausea, abdominal pain, tightness in the chest, or weakness, should be seen by a physician immediately.

**If Swallowed:** Immediately call a Poison Control Center or physician, or transport the patient to the nearest hospital. Do not drink water. Do not administer anything by mouth or make the patient vomit unless advised to do so by a physician.

**If in eyes:** Flush with plenty of water. Get medical attention if irritation persists.

**If on skin:** Remove contaminated clothing and wash affected areas with soap and water.

**ENVIRONMENTAL HAZARDS**

This product is toxic to birds and other wildlife. Do not allow pellets to be exposed on soil surface. Do not apply where runoff is likely to occur. Do not apply to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**Notice:** It is a Federal offense to use any pesticide in a manner that results in the death of a member of an endangered species. The use of this product may pose a hazard to Federally designated endangered/threatened species. suggested measures to protect endangered species in your county may exist in an EPA "Interim Measures" pamphlet. You may call EPA'S Endangered Species Hotline, (800) 447-3813, to find out if an "Interim Measures" pamphlet exists for your county and have one sent to you. You can also consult your local county extension office or pesticide state lead agency to determine whether they have imposed any requirements in your area to protect endangered and threatened species.

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read this label: Read this entire label and follow all use directions and use precautions.

**Use Restrictions:** For use against moles and pocket gophers in <sup>lawn</sup> ~~lawns and~~ ~~other non-crop areas~~. Do not apply in gardens and areas where food or feed may be contaminated. **Only apply the bait underground.** Collect and bury all dead animals found above the ground. This product is to be used in manual applications only. Do not apply this product by use of an artificial burrow builder.

**Directions for Moles:** The presence of moles may be indicated by a network of surface ridges in the turf, by a series of conical mounds of earth pushed up from deep burrows, or by damage to bulbs.

**Surface Ridges:** Prior to treatment determine which burrows are active according to one of the following two methods. Either press down a small section of the tunnel or remove a one inch section of the tunnels roof. Mark these sections and recheck in 24 hours. The burrow is considered active if the flattened runway has been raised up or if the roof has been repaired. Only treat active burrows. Carefully punch a hole in the top of active tunnels, drop a teaspoonful amount of **Dexol Mole Killer Pellets<sub>2</sub>** and carefully close the hole with sod or stone. Do not collapse the runway again or allow loose soil to cover the bait. After a few days check to see if the burrows are still active according to one of the two methods described above. If so, repeat treatment.

**Conical Mounds:** Remove center plug from the conical mounds with aid of a long-handled spoon and drop a teaspoonful amount of **Dexol Mole Killer Pellets<sub>2</sub>** into the underground tunnel. Close opening with rock or sod. Do not allow loose dirt to cover bait.

**Bulb Protection (Fall planted):** Pack about one-quarter inch of soil against each bulb. Place several baits at sides of and around the bulb. Then cover.

**Specific Directions for Pocket Gophers:** Burrowing pocket gophers (Thomomys spp. and Geomys spp. ) throw out low, fan shaped mounds on either side of their underground tunnel. These lateral tunnels coming to the surface are on the flat side of the fan and are plugged with soil. **To locate underground runways:** Use a metal rod, a strong smooth stick or other suitable implement to probe the ground 10-15 inches away from fan-shaped gopher mounds. Begin probing on the flat side of the fan. When the main runway has been entered, the probe will drop about 2 inches due to decreases,

resistance from the soil. Using a long-handled spoon or mechanical probe, drop one teaspoon of **Dexol Mole Killer Pellets<sub>2</sub>** into the main runway at each baited point. Cover the opening with sod, a rock, or soil to exclude light. Take care not to cover bait with soil. Depending upon mound density, make two to five bait placements per burrow system. Recover and bury all spilled pellets.

**STORAGE & DISPOSAL**

**Storage:** Store only in original container, in a dry place inaccessible to children and pets. **Disposal:** Do not reuse empty container. Wrap and put in trash collection.

**Warranty:** Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling contrary to label instructions.
