Application for Pesticide - Section I

1. Company/Product Number 192-204	2. EPA Product Manager Forest	3. Proposed Classification <input type="checkbox"/> None <input type="checkbox"/> Restricted
4. Company/Product (Name) Dexol Mole Killer Pellets2	PM# 14	
5. Name and Address of Applicant (Include ZIP Code) Value Garden Supply, LLC. P. O. Box 585 St. Joseph, MO 64502 <input type="checkbox"/> Check if this is a new address	6. Expedited Review. In accordance with FIFRA Section 3(c)(3)(b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. _____ Product Name _____	

Section - II

<input type="checkbox"/> Amendment - Explain below.	<input type="checkbox"/> Final printed labels in response to Agency letter dated _____	<b>NOTIFICATION</b> JUL 17 2003
<input type="checkbox"/> Resubmission in response to Agency letter dated _____	<input type="checkbox"/> "Me Too" Application.	
<input checked="" type="checkbox"/> Notification - Explain below.	<input type="checkbox"/> Other - Explain below.	

**Explanation:** Use additional page(s) if necessary. (For section I and Section II.)  
Notification of revision of Storage and Disposal statement in compliance with PR Notice 2001-1. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Section - III

1. Material This Product Will Be Packaged in:				2. Type of Container	
Child-Resistant Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	Unit Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No	Water Soluble Packaging <input type="checkbox"/> Yes <input type="checkbox"/> No			<input type="checkbox"/> Metal <input type="checkbox"/> Plastic <input type="checkbox"/> Glass <input type="checkbox"/> Paper <input type="checkbox"/> Other (Specify) _____
* Certification must be submitted		If "Yes" Unit Packaging wgt.	No. per container	If "Yes" Package wgt	No. per container
3. Location of Net Contents Information <input type="checkbox"/> Label <input type="checkbox"/> Container		4. Size(s) Retail Container		5. Location of Label Directions	
6. Manner in Which Label is Affixed to Product <input type="checkbox"/> Lithograph <input type="checkbox"/> Paper glued <input type="checkbox"/> Stenciled			<input type="checkbox"/> Other _____

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)		
Name Carrie Crawford	Title Regulatory Affairs Manager	Telephone No. (Include Area Code) 540-864-8490
<b>Certification</b> I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.		6. Date Application Received <b>(Stamped)</b>
2. Signature 	3. Title Regulatory Affairs Manager	
4. Typed Name Carrie Crawford	5. Date June 12, 2003	

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Keep away from humans, domestic animals, and pets. May be fatal or harmful if swallowed or inhaled. Avoid eye or skin contact. Do not breathe dust. Avoid contamination of feed or foodstuffs. Avoid contact with acids.

**FIRST AID**

Any person applying zinc phosphide products and experiencing signs and symptoms such as nausea, abdominal pain, tightness in the chest, or weakness, should be seen by a physician immediately. **If Swallowed:** Immediately call a Poison Control Center or physician, or transport the patient to the nearest hospital. Do not drink water. Do not administer anything by mouth or make the patient vomit unless advised to do so by a physician. **If In Eyes:** Flush with plenty of water. Get medical attention if irritation persists. **If On Skin:** Remove contaminated clothing and wash affected areas with soap and water.

**ENVIRONMENTAL HAZARDS**

This product is toxic to birds and other wildlife. Do not allow pellets to be exposed on soil surface. Do not apply where runoff is likely to occur. Do not apply to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**Notice:** It is a Federal offense to use any pesticide in a manner that results in the death of a member of an endangered species. The use of this product may pose a hazard to Federally designated endangered/threatened species. Suggested measure to protect endangered species in your county may exist in an EPA "Interim Measures" pamphlet. You may call EPA's Endangered Species Hotline, (800) 447-3813, to find out if an "Interim Measures" pamphlet exists for your county and have one sent to you. You can also consult your local county extension office or pesticide state lead agency to determine whether they have imposed any requirements in your area to protect endangered and threatened species.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read this label. Read this entire label and follow all use directions and use precautions.

**Use Restrictions:** For use against moles and pocket gophers in lawns and other non-crop areas. Do not apply in gardens and areas where food or feed may be contaminated. **Only apply the bait underground.** Collect and bury all dead animals found above the ground. This product is to be used in manual applications only. Do not apply this product by use of an artificial burrow builder.

**Directions for Moles:** The presence of moles may be indicated by a network of surface ridges in the turf, by a series of conical mounds of earth pushed up from deep burrows, or by damage to bulbs.

**Surface Ridges:** Prior to treatment determine which burrows are active according to one of the following two methods: Either press down a small section of the tunnel or remove a one inch section of the tunnel's roof. Mark these sections and recheck in 24 hours. The burrow is considered active if the flattened runway has been raised up or if the roof has been repaired. Only treat active burrows. Carefully punch a hole in the top of active tunnels, drop a teaspoonful amount of DEXOL Mole Killer Pellets 2 and carefully close the

hole with sod or stone. Do not collapse the runway again or allow loose soil to cover the bait. After a few days check to see if the burrows are still active according to one of the two methods described above. If so, repeat treatment.

**Conical Mounds:** Remove center plug from the conical mounds with aid of a long-handled spoon and drop a teaspoonful amount of DEXOL Mole Killer Pellets 2 into the underground tunnel. Close opening with rock or sod. Do not allow loose dirt to cover bait.

**Bulb Protection (Fall planted):** Pack about one-quarter inch of soil against each bulb. Place several baits at sides of and around the bulb. Then cover.

**Specific Directions for Pocket Gophers:** Burrowing pocket gophers (*Thomomys spp.* and *Geomys spp.*) throw out low, fan shaped mounds on either side of their underground tunnel. These lateral tunnels coming to the surface are on the flat side of the fan and are plugged with soil. **To locate underground runways:** Use a metal rod, a strong smooth stick or other suitable instrument to probe the ground 10-15 inches away from fan-shaped gopher mounds. Begin probing on the flat side of the fan. When the main runway has been entered, the probe will drop about 2 inches due to decreased resistance from the soil. Using a long-handled spoon or mechanical probe, drop one teaspoon of DEXOL Mole Killer Pellets 2 into the main runway at each baited point. Cover the opening with sod, a rock, or soil to exclude light. Take care not to cover bait with soil. Depending upon mound density, make two to five bait placements per burrow system. Recover and bury all spilled pellets.

**STORAGE & DISPOSAL**

**STORAGE:** Store only in original container, in a dry place inaccessible to children and pets. **DISPOSAL:** Do not reuse empty container. Wrap and put in trash collection.

**WARRANTY**

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
