

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number: 192-205	Date of Issuance: DEC 7 - 2010
-----------------------------	--

NOTICE OF PESTICIDE:
 _ Registration
x Reregistration
 (under FIFRA, as amended)

Name of Pesticide Product:

Dexol Gopher Killer Pellets 2

Name and Address of Registrant (include ZIP Code):

Value Garden Supply, LLC
P.O. Box 585
St. Joseph, MO 64502

Attention: Diana Williams

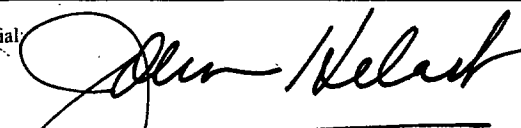

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Rodenticide Cluster Reregistration Eligibility Decision, EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Generic data requirements that have been identified in the RED as confirmatory data for the active ingredient contained in the subject product will continue to be tracked and assessed in the Agency's continual reassessment of pesticides.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable.

Signature of Approving Official: 
 John Hebert
 Product Manager (07)
 Insecticide-Rodenticide Branch
 Registration Division (7505P)

Submit one (1) copy of your final printed labeling, before you release the product for shipment.

Reference to Website on Label

Should you wish to add a reference to the company's website on your label, please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, **regardless of whether a website is referenced on your product's label**, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Confidential Statement of Formula

The acceptable Confidential Statement of Formula (CSF) for this product is dated July 19, 2002. All other versions are obsolete.

Existing Stocks Provisions

- The registrant may not distribute or sell existing stocks of this product after June 4, 2011 unless they conform to the terms and conditions of registration as amended today.
- Any person other than the registrant may sell and distribute existing stocks of this product with the previously approved label until such stocks are exhausted.
- Any person may use existing stocks of this product with the previously approved label until such stocks are exhausted.

With the above revisions, this product will be in full compliance with the Agency's revised May 28, 2008 "Risk Mitigation Decision for Ten Rodenticides".

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed. If you have any questions, please contact Joanne Edwards by phone (703-305-6736) (edwards.joanne@epa.gov).

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

Caution: Harmful if swallowed, absorbed through skin or inhaled. Avoid breathing dust. Avoid contact with eyes, skin or clothing. Wear long-sleeved shirt and long pants, shoes plus socks and waterproof gloves. Wash hands thoroughly with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse. Any person who retrieves carcasses or unused pellets following application of this product must wear waterproof gloves.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Any person applying zinc phosphide products and experiencing signs and symptoms such as nausea, abdominal pain, tightness in chest, or weakness, see a physician immediately.

If Swallowed:	<ul style="list-style-type: none"> • Immediately call a Poison Control Center or Doctor for treatment advice, or transport the patient to the nearest hospital. • Do not give any liquid to the patient. • Do not administer anything by mouth or induce vomiting unless told to do so by the poison control center or doctor.
If On Skin or On Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for further treatment advice.
If Inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
If In Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes.

	<p>Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</p> <ul style="list-style-type: none"> • Call a poison control center or doctor immediately for further treatment advice.
<p>TREATMENT FOR PET POISONING: If animal eats bait, call veterinarian at once.</p>	
<p>NOTE TO PHYSICIAN OR VETERINARIAN: Contains the phosphine-producing active, Zinc Phosphide. Probable mucosal damage may contraindicate the use of gastric lavage. For animal ingesting bait and/or showing poisoning signs, induce vomiting by using hydrogen peroxide. Sodium bicarbonate can be given orally to neutralize the stomach acidity. The stomach and intestinal tract can be evacuated, oxygen administered and cardiac and circulatory stimulants given.</p>	
<p>For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center (NPIC) toll-free number 1-800-858-7378, seven days a week from 6:30 a.m. to 4:30 p.m. Pacific time.</p>	

ENVIRONMENTAL HAZARDS

This product is extremely toxic to birds, fish and other wildlife. Wildlife feeding on this product may be killed. Dogs, cats, and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this product. Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ THE LABEL: Read this entire label and follow all use directions, use restrictions and use precautions.

USE RESTRICTIONS:

- This product may only be applied against the pest listed on this label, at the use sites listed on this label, and by the application method listed on this label.
- This product may only be used to control pocket gophers in manual, below-ground applications in lawns
- This product must be applied directly into the burrow systems.
- Do not apply in gardens and areas where food or feed may become contaminated.
- Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves.
- Do not apply this product by the use of an artificial burrow builder.

APPLICATION DIRECTIONS FOR POCKET GOPHERS: Apply this product to control pocket gophers using the method outlined below:

Burrowing pocket gophers (Thomomys spp. and Geomys spp.) throw out low, fan shaped mounds on either side of their underground tunnel. These lateral tunnels coming to the surface are on the flat side of the fan and are plugged with soil. To locate underground runways: Use a metal rod, a strong smooth stick or other suitable instrument to probe the ground 10-15 inches away from fan-shaped gopher mounds. Begin probing on the flat side of the fan. When the main runway has been entered, the probe will drop about 2 inches due to decreased resistance from the soil. Using a long-handled spoon or mechanical probe, drop one teaspoon of Dexol Gopher Killer Pellets 2 into the main runway at each baited point. Cover the opening with sod, a rock, or soil to exclude light. Take care not to cover bait with soil. Depending upon mound density, make two to five bait placements per burrow system.

FOLLOW-UP: Wearing waterproof gloves, collect and dispose of dead, exposed animals. Dispose of leftover bait in accordance with disposal instructions. Use detergent and hot water to

wash spoons used for application into burrows. Do not use spoon for mixing, holding or transferring food or feed. If reinfestation does occur, repeat treatment.

STORAGE & DISPOSAL

STORAGE: Store only in original container, in a dry place inaccessible to children and pets.
DISPOSAL: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Place in trash or call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY: To the extent consistent with applicable law, the buyer assumes all responsibility for safety and use not in accordance with directions and precautions.
