Insecticide

U.S.D.A. Reg. No. 900-78

ACTIVE INGREDIENTS 100%

- Petroleum Distillates
- 0,0 Diethyl O-(2-isopropyl-4-methyl-6-pyrimidinyl) phosphorothioate
- N-Octyl bicycloheptene dicarboximide**
- Technical piperonyl butoxide (Consists of (butylcarbityl) (6-propylpiperonyl) ether and related compounds).
- Pyrethrins
 - *U.S. Patent No. 2,754,243
 - **U.S. Patent No. 2,476,512

CAUTION:

Keep Out of Reach of Children

Harmful if swallowed. If swallowed do not induce vomiting. Call physician. Avoid prolonged breathing of spray mist. Avoid prolonged and repeated contact with skin. Wash thoroughly after using. Avoid contamination of food and food products. Cover or remove all exposed food or food utensils to avoid contamination with spray. Remove Pets, Birds and Fish Bowls before spraying.

DIRECTIONS

Roaches, Ants, Waterbugs, Silverfish, Spiders, Crickets: Spray heavily in cracks, around baseboards and other places where these insects hide. Also spray until wet surfaces behind and beneath cabinets, drinking fountains, refrigerators, sinks, stoves, etc. Use on other localized areas infested with these pests. Repeat treatment as required.

Flies, Mosquitoes, Wasps, Flying Moths – Outdoors: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around outdoor light fixtures and other places where these insects alight or congregate.

Fleas, Chiggers, Ants and Brown Dog Ticks-Outdoors: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation. Spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat as infestation warrants and as reinfestation occurs.

Carpet Beetles: Make localized application to areas of floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat as necessary.

Brown Dog Ticks: Thoroughly spray infested areas around baseboard, windows and door frames, wall cracks, and localized areas of floors and floor covering. Repeat as infestations warrant, and as reinfestations occur. Following treatment use fresh bedding in animal quarters. Do not use this formulation on animals.
