VAPONA® INSECTICIDE CARTRIDGE

ACTIVE INGREDIENTS

WT WT

2,2-dichlorovinyl dimethyl phosphate.	93.
Residual Compounds	7.
TOTAL.	100.

Equivalent to 100.0% VAPONA Insecticide

USDA Reg. No. _____

GENERAL DIRECTIONS

VAPONA is a vapor by using impregnated cartridge (Model No. ADC 100) in the aircraft's Technical VAPONA Insecticide into mechanical system of pressure to takeoff. Use a dosage of 0.15 to 0.25 micrograms per liter for a period of 30 minutes. The mechanical dispersing system may be operated while the aircraft is parked with the doors closed, while taxiing or while in flight.

USE AND DIRECTIONS FOR APPLICATION

For the control of flies and mosquitoes, apply VAPONA via mechanical system as detailed in data sheet (reprint No. 330).

KEEP OUT OF REACH OF
CHILDREN AND DOMESTIC ANIMALS

SEE ANTIDOTE AND OTHER PRECAUTIONS
ON SIDE PANEL

POISONOUS IF SWALLOWED, INHALED, OR ABSORBED THROUGH SKIN. RAPIDLY ABSORBED THROUGH SKIN. DO NOT SWALLOW OR GET IN EYES, OR SKIN, OR ON CLOTHING.

Wash thoroughly with soap and water after handling and before eating. If the chemical gets into the eyes, immediately flush with water for 15 minutes and get medical attention. In case of accidental contact, remove spillage, wash down with large amount of water.

Disposal: If used impregnated cartridge, puncturing container to release any pressure or remaining VAPONA® Insecticide.

ANTIDOTE AND FIRST AID TREATMENT

ATROPINE IS THE EMERGENCY ANTIDOTE FOR VAPONA INSECTICIDE POISONING. Consult physician about obtaining an adequate supply of 1/100-grain atropine tablets for emergency use. CALL A PHYSICIAN IN ALL CASES OF SUSPECTED POISONING.

INTERNAL: If the material has been swallowed, induce vomiting immediately. This may be done by introducing a finger into the throat or by giving warm salt water (1 tablespoon of salt to a glass of water). Repeat warm salt water until vomit fluid is clear. NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON. Have patient lie down and keep quiet.

EXTERNAL: If the material has been spilled on the skin, immediately remove and wash skin with soap and running water. If the material gets into the eyes, wash immediately with running water for at least ten minutes.

IF WARNING SYMPTOMS APPEAR: Administer two 1/100-grain atropine tablets immediately. NEVER ADMINISTER ATROPINE UNLESS WARNING SYMPTOMS APPEAR: (See WARNING SYMPTOMS below). Keep patient prone and quiet. Start artificial respiration immediately if patient is not breathing. Transport the patient immediately to the nearest physician.

NOTE TO PHYSICIAN

WARNING SYMPTOMS: Symptoms include weakness, headache, tightness in chest, blurred vision, non-reactive pin-point pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps.

TREATMENT: Atropine is the specific therapeutic antagonist of choice against sympathetic nervous stimulation. If there are signs of parasympathetic stimulation, atropine sulfate should be injected at 10 minute intervals, in doses of 1 to 2 milligrams, until complete atropinization has occurred. Morphine is contraindicated. Clear chest by postural drainage. Oxygen administration may be necessary. Observe patient continuously for 48 hours. Repeated exposure to cholinesterase inhibitors may without warning, cause prolonged susceptibility to very small doses of any cholinesterase inhibitor. Allow no further exposure until cholinesterase regeneration has been attained as determined by blood test.

NOTICE OF WARRANTY

Shell Chemical Company warrants (its liability being limited to the purchase price of the product named on this label) that this product consists of the ingredients specified but makes NO OTHER WARRANTY OR REPRESENTATION OF MERCHANTABILITY, FITNESS, OR OTHERWISE (EXPRESS OR IMPLIED) whether or not the product is used in accordance with directions and shall have no responsibility whatsoever for injury to persons or loss or damage to property from the handling, storage, or use of this product. The user or buyer shall be deemed to have accepted these conditions, which may be varied only by agreement in writing, signed by duly authorized representatives of the above named company.
