# MAGNACIDE™ B

BIOCIDE  
(ACROLEIN, INHIBITED)

**MAGNA  
CORPORATION**

### GENERAL DIRECTIONS

Magnacide B is a water soluble material for control of bacteria in industrial water systems, particularly water floods. Apply only in accordance with directions in Magnacide B Process Handbook under the supervision of trained personnel.

ACTIVE INGREDIENT	BY WEIGHT
Acrolein	92%
INERT INGREDIENTS	8%
TOTAL	100%

201-168

6-5-67

**DANGER: EXTREMELY FLAMMABLE AND IRRITATING VAPOR AND LIQUID. POISONOUS BY INHALATION, SKIN CONTACT OR SWALLOWING.**

Do not breathe vapor.

Do not get in eyes, on skin, or on clothing.

If spilled on clothing, gloves or shoes, remove them immediately and wash thoroughly before re-use.

Keep away from fire, sparks, and heated surfaces.

Keep container closed.

Do not store partially filled containers for prolonged periods (2 to 3 months) as polymerization may occur. Dilute only with water. Do not apply with equipment used for acids and alkalis. Always use clean containers.

**NOTE:** Magnacide B in closed systems and in presence of alkalis (such as aqua ammonia, caustic and others) or strong acids can react with violence.

**POISON**

**ANTIDOTE AND FIRST AID TREATMENT**  
CALL A PHYSICIAN IMMEDIATELY IN ALL CASES OF SUSPECTED POISONING

**INTERNAL:** If the material has been swallowed induce vomiting immediately. This may be done by introducing a finger into the throat or by giving warm salt water (1 tablespoon of salt to a glass of water). Repeat until vomit fluid is clear.

**NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON.**  
Keep patient prone and quiet.

If inhaled, get victim into fresh air immediately and give artificial respiration if breathing has stopped.

**EXTERNAL:** If spilled on the skin, remove contaminated clothing and wash skin with soap and running water. If the material gets into the eyes, wash immediately with running water for at least 15 minutes. For eyes get medical attention.

### NOTE TO PHYSICIANS

Liquid Magnacide B is absorbed by the skin and is particularly irritating to any lesion and to the eyes. The vapors act principally on the mucous membrane of the eyes and respiratory tract. Because of the extreme lachrymatory warning effect, the concentration tolerable by man is far below the minimum lethal concentration. Treat exposed area as a chemical burn. Thoroughly flush the eyes with water and treat symptomatically. Persons exposed to Magnacide B vapors may have a delayed reaction and experience irritation of the respiratory tract. In severe cases, this may progress to pulmonary edema. Therefore, it is advisable to keep persons exposed to Magnacide B under observation for 24 hours following exposure.

### NOTICE OF WARRANTY

Magna Corporation warrants (its liability being limited to the purchase price of the product named on this label) that this product consists of the ingredients specified but makes no other warranty or representation of any kind, expressed or implied, including any warranty or representation regarding the effect or result of this product's use whether or not the product is used in accordance with directions, and shall have no responsibility whatsoever for injury to persons or loss or damage to property, resulting from the handling, storage or use of this product. The user or buyer shall be deemed to have accepted these conditions, which may be varied only by agreement in writing, signed by duly authorized representatives of the above-named company.

**MAGNA CORPORATION**  
SANTA FE SPRINGS, CALIFORNIA U.S.A.

**ACCEPTED**  
JUN 5 1967  
UNDER THE FEDERAL INSECTICIDE, FUNGICIDE AND RODENTICIDE ACT FOR ECONOMIC POISON REGISTERED UNDER NO. 201-168 SUBJECT TO ATTACHED COMMENTS.

### PRECAUTIONS IN USING

Wear face shield or goggles during handling. Use with adequate ventilation. Keep available at all times, a gas mask of a type approved by the United States Bureau of Mines for Organic vapor protection. Clean application equipment with large amounts of water after using.
