continued on other side

**NET WEIGHT: 2/3 oz.**

\*Shell Trademark

should be any possibility of skin contact, wash thoroughly with soap and water. Do not smoke or eat before washing.

Do not breathe the smoke produced by the cartridge. If it is absolutely necessary to enter the area being treated while smoke is still present, wear a full face mask of a type passed by the U.S. Department of Agriculture for DDVP (VAPONA<sup>®</sup> insecticide) protection.

Not for use or storage in or around the home.

**ANTIDOTE AND FIRST AID TREATMENT**

Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine. Call a physician immediately. If inhaled, immediately remove the patient from the vicinity of the insecticide, and keep the patient prone and quiet. Administer artificial respiration immediately if the patient is not breathing.

If swallowed, induce vomiting by introducing a finger into the throat or by giving warm salt water (1 tablespoon of salt to a glass of water). Repeat warm salt water until vomit fluid is clear.

If on skin, immediately remove the patient from the vicinity of the insecticide, remove all contaminated clothing, and wash skin with soap and running water.

See enclosed folder for directions for use and other cautions.
