

201-314

VAPONA<sup>®</sup>  
**FARM STRIP<sup>™</sup>**  
INSECTICIDE

CONTINUOUS CONTROL UP TO 4 MONTHS

ACTIVE INGREDIENTS	BY WEIGHT
2,2-dichlorovinyl dimethyl phosphate	19.2%*
Related Compounds	0.8%*
<b>INERT INGREDIENTS</b>	<b>80.0%</b>
Equivalent to 20.0%	<b>TOTAL 100.0%</b>
Technical VAPONA <sup>®</sup> Insecticide.	

EPA REG. NO. 201-314 ZC EPA EST. 201-NJ-1

**Do Not Open Until Ready For Use.**

**GENERAL DIRECTIONS**

VAPONA<sup>®</sup> (an e-trade Farm Strip) is a specially prepared insecticide formulation for use in control of resistant and non-resistant insects.

**USE AND DIRECTIONS FOR APPLICATION**

**ANIMAL BUILDINGS AND HOMES:** For the control of flies, gnats, and adult mosquitoes in animal buildings (cow barn, dairy barn, calf barn, shelter sheds, stables, pig parlor, poultry house, and dog kennels), other farm buildings and homes, apply one strip per 1000<sup>±</sup> cubic feet of enclosed area. Weather and other conditions, such as extreme ventilation or strong drafts, may affect the performance of the strip, but this treatment is usually effective for one season. Repeat strip at the beginning of the next season.

**MILK ROOMS:** For the control of the pest in milk rooms, apply one strip per 1000<sup>±</sup> cubic feet of enclosed area. Weather and other conditions, such as extreme ventilation or strong drafts, may affect the performance of the strip. Repeat strip at the beginning of the next season.

**NON-PERISHABLE BULK STORED RAW AGRICULTURAL COMMODITIES (including Soybeans, Corn, Grains, Cocoa Beans and Peanuts):** For the control of Indian Meal Moth, sawtoothed grain beetle, and other insects, apply one strip per 1000<sup>±</sup> cubic feet of enclosed area. Weather and other conditions, such as extreme ventilation or strong drafts, may affect the performance of the strip. Repeat strip at the beginning of the next season.

Weather and other conditions, such as extreme ventilation or strong drafts, may affect the performance of the strip. Repeat strip at the beginning of the next season.

**Do Not Open Until Ready For Use.**

**GENERAL DIRECTIONS**

VAPONA Insecticide Farm Strip is a specially prepared insecticidal formulation for use in control of resistant and non-resistant insects.

**USE AND DIRECTIONS FOR APPLICATION**

**ANIMAL BUILDINGS AND HOMES:** For the control of flies, gnats and adult mosquitoes in animal buildings (horse barns, dairy barns, calf barns, shelter sheds, stables, pig parlors, poultry houses and dog kennels) other farm buildings and homes, apply one strip per 1000 cubic feet of enclosed area. Weather and other conditions such as extreme ventilation or strong drafts may alter the performance of the strip, but this treatment is usually effective for one season. Replace strips if effectiveness diminishes.

**MILK ROOMS:** For the control of flies, gnats and mosquitoes in milk rooms and bulk milk storage rooms, suspend one strip per 1000 cubic feet of enclosed areas. Weather and other conditions such as extreme ventilation or strong drafts may alter the performance of the strip. Replace strips if effectiveness diminishes.

**NON-PERISHABLE BULK STORED RAW AGRICULTURAL COMMODITIES (Including Soybeans, Corn, Grains, Cocoa Beans and Peanuts):** For the control of Indian Meal Moths, almond moths, warehouse or cocoa moths and Mediterranean Flour Moths infesting non perishable bulk stored raw agricultural commodities, suspend one strip per 1000 cubic feet of air space over the commodity before moths begin to emerge in early spring. Weather and other conditions such as extreme ventilation or strong drafts may alter the performance of the strip, but this treatment is usually effective for four months. Replace strips immediately when effectiveness diminishes to prevent egg laying and growth of larvae.

**CAUTION: KEEP OUT OF REACH OF CHILDREN**

Do not get in mouth, harmful if swallowed. After prolonged storage, a small amount of liquid may form on the strip. Do not get liquid in eyes. Wash hands thoroughly with soap and water after handling strip. Do not place in hospital or clinic rooms, such as patient rooms, wards, nurseries, operating or emergency areas. Do not use in any room where infants, the sick or aged will be present for any extended period of confinement. Do not use in kitchens, restaurants or areas where food is prepared or served.

Use of the packaged product is licensed under Shell's U.S. Patents 2,956,073; 3,116,261 and 3,318,769 for use as an insecticide generator only. Not to be taken internally by humans or animals.

**NET WT.: 3.5 oz.**
