GNATS, DEER FLIES, HORSE FLIES, HORN
FLIES

CAUTION: Harmful if swallowed. Avoid breathing of spray horses only. Wash hands after use. Do not use, pour, spill or open flame. Do not reuse container. Destroy when empty.

GENERAL DIRECTIONS

Shell Horse SPRAY-N-WIPE is a ready-to-use combination of repellents that can be applied either as a wipe-on or spray. Wipe-ON, brush away dirt and dust from the animal's hair on cloth or insecticide applicator or mitt and wipe on the hair. Apply from 1-2 oz. of material. SPRAY, pour the insecticide repellent into a spray applicator and spray from 1-2 fluid oz. of solution as a fine mist to the areas needing insect protection.

NOTE: It is not necessary to exceed 2 fluid oz. per mature horse for younger animals and ponies. It may be desirable to re-apply after the horse has been ridden hard or because of weather. For insect protection around the horse's head, the WIPE-ON method is recommended.

USE DIRECTIONS

INSECT PROBLEM	REMARKS
FACE FLIES HOUSE FLIES	Apply as a wipe-on, preferably, to the face of the horse. Pay particular attention to around the eyes but avoid direct contact with the eyes.
STABLE FLIES	Apply as a wipe-on or spray to the body of the horse, leaving no unprotected area. More applications may be necessary if the horse is in high grass or water.
BITING GNATS	Apply as a wipe-on, preferably, to the belly and forelegs. Be sure to apply repellent to the inside surfaces of the legs.
MOSQUITOES HORSE FLIES HOUSE FLIES DEER FLIES HORN FLIES	Apply as a wipe-on or spray to the flanks, belly, and back of the horse.

SOLID BLUE

CAUTION: Harmful if swallowed. Avoid breathing of spray horses only. Wash hands after use. Do not use, pour, spill or open flame. Do not reuse container. Destroy when empty.

ACTIVE INGREDIENTS: (By Weight) 2-chloro-1-(2,4,5-trichlorophenyl) methyl phosphate* 1.00%; Pyrethrins 0.09%; Technical piperonyl butoxide 0.18% (consists of 0.14% (butylcarbityl) (6-propylpiperonyl) related compounds); N-octyl bicycloheptene dicarboximide 0.50%; isocinchomeronate 0.50%; 2,3,4,5-bis (2-butylene) tetrahydrofuran 0.50%; Citronella Oil 0.1%; Petroleum distillates 96.27%.

INERT INGREDIENTS: 1.06%w. *RABON Insecticide
