

PROFESSIONAL LIQUID ANT & ROACH KILLER

READY TO USE
LONG-LASTING KILLING POWER

CAUTION: KEEP OUT OF REACH OF CHILDREN.
SEE DIRECTIONS AND CAUTIONS ON BACK.

NET 16 FL. OZ. (1 PT.)

- KILLS FAST • KILLS FOR WEEKS
- KILLS RESISTANT ROACHES

Shell Professional Liquid Ant and Roach Killer is a ready-to-use formulation for control of hard-to-kill insects in the home. It quickly kills exposed insects on contact and its penetrating vapors reach in to kill hidden bugs. Its long lasting action will give weeks of protection after the spray dries.

DIRECTIONS FOR USE: Remove cover. Line up arrow on top of pump with arrow on side. Hold container upright about 12 inches away from surface to be sprayed. Point nozzle away from body. Spray until wet. Turn arrows off alignment and replace cover. Avoid excessive wetting of asphalt tile, rubber and plastic materials.

KILLS:	HOLD SPRAYER 12 INCHES FROM ALL SURFACES SPRAYED
Roaches, Ants, Waterbugs, Spiders, Silverfish, Crickets, Earwigs, Flies, Ticks, Centipedes, Millipedes, Clover Mites, Sawbugs, Scorpions	INDOORS: Make "spot" treatment to areas where these pests are seen or suspected of being present such as cracks and crevices along baseboards; behind and beneath sinks, refrigerators, stoves and cabinets; around utility pipes and dark corners of closets. For fleas, remove pet's bedding and destroy. Spray sleeping quarters, floor covering in area around pet's bed. Do not spray directly on animals. Repeat as necessary. OUTDOORS: To prevent insect entry to homes, garages, and other buildings, thoroughly spray areas around door sills, steps, window frames, and foundations. Repeat as necessary.

NOT A SPACE SPRAY—APPLY ONLY AS A SURFACE SPRAY

CAUTION: Harmful if swallowed, inhaled, or absorbed through the skin. If swallowed, call a physician. Get immediate medical attention. Avoid contact with skin and breathing of spray mist. Do not apply to humans. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with soap and water after use, and before eating or smoking. Do not smoke while using. **KEEP OUT OF REACH OF CHILDREN:** Do not allow in treated areas until dry.

NOTE TO PHYSICIAN: Atropine is antidotal.

Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Provide adequate ventilation of area being treated. Do not spray more than 1½ minutes in average room. Do not apply to pets or contaminate food, feedstuffs, dishes, or utensils.

Remove pets and cover fish tanks before spraying room. Do not allow pets on treated areas until dry.

CAUTION: Do not use or store near heat or open flame. Do not reuse containers. Destroy when empty.
