No-Pest Strip

INSECTICIDE

DO NOT REMOVE STRIP FROM FOIL ENVELOPE UNTIL READY FOR USE

NO-PEST STRIP is used to control flies, gnats, mosquitoes and other small flying insects for up to 4 months in enclosed area. It is ideal for: bedrooms • living rooms • family rooms • garages • attics • basements • kennels • horse barns • animal buildings. Use one NO-PEST STRIP per one thousand cubic feet of enclosed area (10' x 12' x 8'). Three to four strips normally provide control in a home of 1200 to 1500 square feet. Hang or stand decorative holder containing the strip out of the reach of children and place to allow air circulation on all sides.

HOW TO ASSEMBLE—This package contains four parts.

1) Press outer edges of holder (A) to form as shown. Push out hanging tab on top flap and fold locking edges down before forming top. Fold over top flaps and engage locking edges firmly into holder. Do not attempt to open top once it has been locked.

2) Cut open envelope (B) with scissors. Remove NO-PEST STRIP and place inside holder through open bottom. Fold down locking edges, form and lock bottom of
