FAR 13 1972

VAPO-CEN

Vapo-Cen

A Highly Concentrated Liquid Insecticide for Use in Electric, Steam or Air Pressure Sprayers

KILLS

Roaches - Water Bugs - Ants - Flies
Mosquitoes - Bed Bugs

Active Ingredients	100%
*Technical Piperonyl Butoxide	1.5%
Pyrethrins	0.3%
Petroleum Oil	98.2%

*Technical Piperonyl Butoxide contains 1.20% of (butylcarbityl) (6-propylpiperonyl) ether and .30% of related compounds.

DIRECTIONS

Make sure all windows, doors, and other openings are tightly closed

ROACHES - WATER BUGS - ANTS—Use 3 ounces of VAPO-CEN for each 1,000 cubic feet of room space. Direct the mist into cracks and crevices around the mouldings and other places where roaches might seek concealment.

FOR BED BUGS—Use 3 ounces of VAPO-CEN for each 1,000 cubic feet of room space. Take the bed apart and open dresser drawers, then direct the mist into the cracks of the bed, around the mouldings, the base boards, plaster cracks, loose wall paper, around the springs and mattresses. Leave the room tightly closed for half hour or longer if possible. In all cases vaporize thoroughly. VAPO-CEN kills insects named only when the mist comes in contact with them.

FOR FLIES - MOSQUITOES—Use 1 ounce of VAPO-CEN for each 1,000 cubic feet of room space, directing the mist toward the ceiling so as to fill the room with mist. Leave room closed for about 10 minutes.

Repeat applications as often as necessary to maintain control of these pests.

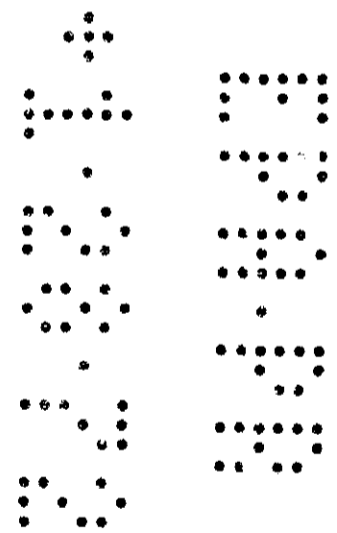

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contamination of food stuffs, by removing or otherwise protecting foods during spraying. Remove birds, pets from rooms being sprayed and cover fish bowls and aquaria. **Do not use or store near heat or open flame.**

All surfaces that may afterwards come in contact with food or food stuffs should be completely cleaned after spraying.

When not in use, the can or container should be kept tightly sealed to prevent evaporation.
