

SANI-CEN is a concentrated acid disinfectant bathroom toilet bowl cleaner designed for institutional and hospital use. This disinfectant toilet bowl cleaner is specially formulated to kill many germs commonly found in hospital, industrial, and household environments. SANI-CEN contains a high level of acid together with an acid compatible detergent system. This unusual combination facilitates the easy removal of resistant stains and permits its disinfectant action.

When used as directed, SANI-CEN cleans, disinfects and deodorizes in one easy step.

**Precautionary Statements**

**Hazards to Humans and domestic animals.**

**DANGER**

**Directions for Use**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Flush toilet. Add 1 fluid oz. (2 tablespoons) directly to water in toilet bowl (1/4 gallon). Brush to cover all interior surfaces of the bowl including under the rim. Allow disinfectant solution to remain at least 10 minutes. Flush toilet.

For heavily soiled areas, a preliminary cleaning may be required.

For badly stained bowls, repeat above treatment using 2 to 4 fluid ounces of SANI-CEN.

For use in urinals, add 1 fluid oz. (2 tablespoons) to 1/2 gallon of water. Apply by brush to all urinal surfaces. Allow disinfectant solution to remain at least 10 minutes. Flush.

At 1 oz. per 1/4 gallon one level, the broad spectrum activity of SANI-CEN against many germs commonly found in toilet bowls and urinals has been evaluated in the presence of 5% sodium hypochlorite. It is effective against the following:

ACCEPTED

211-43

FEB 9 1981

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the purpose of registration under the Federal Insecticide, Fungicide, and Rodenticide Act, EPA Reg. No. 211-43

**Dilution test:**  
 Pseudomonas aeruginosa  
 Staphylococcus aureus  
 Escherichia coli  
 Streptococcus faecalis  
 Shigella dysenteriae

**Special Note:**  
 The cationic detergent in this product may cause acid corrosion of metal surfaces in urinals.
