

**DIRECTIONS FOR USE  
GENERAL CLASSIFICATION**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

QA-RTU II has been designed specifically for Household and Institutional cleaning and disinfecting in Homes, Nursing Homes, Hospitals, Offices, Schools, Motels and Hotels.

**DISINFECTION, CLEANING, AND DEODORIZING:** To disinfect, clean, and deodorize hard non-porous surfaces such as bathroom tiles, fixtures, shower stalls, walls, sinks and bathtubs, proceed as indicated below:

Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary. Wipe off with a clean cloth, mop, or sponge. The product will not leave grit or soap scum. For heavily soiled areas, remove gross soil before treatment.

**MOLD AND MILDEWSTAT:** QA-RTU II Pump spray prevents and controls mold and mildew and the odors they cause on hard non-porous inanimate surfaces.

**PRECAUTIONARY STATEMENTS  
HAZARD TO HUMANS  
AND DOMESTIC ANIMALS**

**WARNING**

Keep Out of Reach of Children Causes eye and skin irritation. Do not get in eyes, skin or on clothing. Harmful if swallowed.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician.

**NOTE TO PHYSICIAN**

Probable mucosa damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

NET CONTENTS    GAL.

QA-RTU II is designed for general household cleaning and disinfecting in Homes, Nursing Homes, Hospitals, Institutions, Offices, Schools, Motels and Hotels. When used as directed, QA-RTU II is formulated to disinfect inanimate hard surfaces (such as walls, sink tops, tables, chairs, telephones, door knobs, light switches, shower stalls, hampers, cabinets, and bed springs).

In addition, QA-RTU II deodorizes those areas which generally are hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, basements, restrooms, and other areas which are prone to odors caused by microorganisms.

When used as directed, QA-RTU II demonstrates effective disinfection against Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa, thus meeting requirements for hospital use. Efficacy tests have demonstrated that QA-RTU II is an effective one-step cleaner-disinfectant in the presence of organic soil (5% blood serum).

The product is fungicidal against Pathogenic fungi (Trichophyton mentaprophytes) when used as directed on hard surfaces found in the bathroom, shower stall, and locker room, or other clean hard non-porous surfaces commonly contacted by bare feet.

**MOLD AND MILDEWSTAT** — QA-RTU II prevents and controls mold and mildew and the odors they cause on hard non-porous inanimate surfaces.

**STORAGE AND DISPOSAL**

- DO NOT CONTAMINATE WATER FOOD OR FEED BY STORAGE OR DISPOSAL
- OPEN DUMPING IS PROHIBITED
- DO NOT REUSE EMPTY CONTAINER

**Pesticide Disposal** — Pesticides that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticide or buried in a safe place.

**Consumer Disposal** — Triple rinse (or equivalent) and dispose in an incinerator or landfill approved for pesticide containers or burn in a safe place.

**ACCEPTED**  
APR 29 1981  
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 211-48
