

DIRECTIONS

For use on non-crop land such as Railroad and Pipeline Right-of-Ways, Industrial Plants, Lumber Yards, Tank Farms, Storage Areas and Parking Lots for control of most annual and perennial grasses and broadleaved weeds. Effects are slow to appear and may not become apparent until the chemical has been carried into the root zone of the weeds by moisture. The effectiveness and length of time that control will last will depend on type of soil, amount of rain and other conditions.

GENERAL WEED CONTROL

Dilute in sufficient water to give good coverage.

ANNUAL WEEDS AND GRASSES: For foxtail, crabgrass, cheatgrass, wild oats, brome grass, ryegrass, pigweed, ragweed, turkey mullein, and lambsquarters use 2½ to 5 quarts per acre.

PERENNIAL WEEDS AND GRASSES: For quackgrass, bluegrass, smooth brome, Bahiagrass, redtop, purpletop, broomsedge, aster, plantain, dandelion, wild carrot, dog fennel, and goldenrod use 1½ to 2½ gallons per acre.

For Hard-to-Kill Weeds and Grasses such as Johnsongrass, Bermuda grass, nutgrass, Dallisgrass, Vasey grass, saltgrass, bouncing bet, dogbane, bracken fern, and horsetail use 3 to 6 gallons per acre.

Use the higher level rates given on soils high in organic matter.

HOW TO APPLY: Apply the required amount, with a suitable sprayer, in enough water (about 100 gallons) to give good coverage. Use a coarse spray to reduce drift. Application may be made when top growth is dense, but better control will be obtained when weeds are short or when excess growth is mowed and removed before applying.

WHEN TO APPLY: Best results will be obtained if applied shortly before or at the time plant growth begins. Rain or thorough watering after application will cause the material to move to the root zone and thus speed up control. Do Not use when ground is frozen.

NET CONTENTS GALLONS

UROX®-'B'

WATER SOLUBLE CONCENTRATE WEED KILLER

Contains 4 Pounds of Active Ingredient per Gallon.

For General Weed Control on Non-Crop Lands

USDA Reg. No. 21E-575

ACTIVE INGREDIENT:

Bromacil [5-bromo-3-sec-butyl-6-methyluracil]

40.8%

INERT INGREDIENTS:

59.2%

CAUTION

HARMFUL IF SWALLOWED

MAY CAUSE IRRITATION OF EYES, NOSE, THROAT AND SKIN.

Do not breathe spray mist.

Do not get on skin, in eyes or on clothing. In case of contact, immediately wash skin with plenty of water; for eyes, wash with water for at least 15 minutes and get medical attention.

NOTE: Do Not apply, allow to drift or drain or flush equipment onto or near crops, trees or other desirable plants or to areas where their roots are exposed. Do Not contaminate domestic water supplies. Do Not allow contact with fertilizers, insecticides, fungicides or seeds. Application equipment should be thoroughly cleaned with a detergent and water to prevent corrosion. Equipment which has been used to apply this product should not be used for applying insecticides, fungicides, fertilizers or other agricultural chemicals as plant injury may result.

This product is toxic to fish. Keep out of any body of water. Apply this product only as specified on the label.

DESTROY CONTAINER WHEN EMPTY

Flush out thoroughly with water and drain where flush water can be run off without harm. Destroy container so that it may not be used again for any purpose and dispose of it at some location where no attempt to salvage will be made.

Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
