

**NO MISS NO FESS NO TRAPS
THEIR LAST MEAL**

Place bait in 10 tablespoonfuls of MOUSE SEED in tamper-proof bait boxes constructed of wood or plastic in wall or ceiling crevices. Place bait boxes at 5 to 10 foot intervals under shelves, in cupboards or other likely infested areas. Remove all other food sources. A small dish of water should be placed nearby.

Collect and burn or bury all uneaten baits after 72 hours. Do not treat the same area with any bait more than 72-day intervals. Collect and burn or bury all dead animals.

Baits should be placed in areas not accessible to children, pets, wild life and domestic animals or in tamper-proof bait boxes.

When used outdoors baited seeds exposed on soil surface may be hazardous to birds and other wildlife. Do not contaminate water by use of bait. Do not use for disposal of wastes. Tamper-proof tamper-resistant seeds or baits by design are not intended to be used for any other purpose.
