

Riverdale **BACK RUBBER SOLUTION**

READY-TO-USE FOR BEFF CATTLE — DO NOT DILUTE

ACTIVE INGREDIENTS: 100%
Toxaphene * 5.0%
Petroleum Mineral White Oil 95.0%

*Technical Chlorinated Camphene (Chlorine Content 67% to 69%)

CAUTION: KEEP OUT OF REACH OF CHILDREN.
See Other Precautions Below.

DIRECTIONS

THIS PRODUCT IS READY FOR USE — DO NOT DILUTE

Charge back rubber roll by soaking with solution until it is thoroughly wet, but not dripping. Repeat charging as necessary, usually at two week intervals. This regular exposure throughout the season will give good results against lice and brings about a rapid reduction of horn flies.

WARNING: Harmful if swallowed. Keep away from children and domestic animals. Do not breathe vapors or get in eyes, on skin or clothing. Wash thoroughly after using. Do not store or use near heat or open flame.

CAUTION: Do not use on dairy animals or calves under 3 months of age. Do not use on beef cattle within 4 weeks of slaughter. Do not use this product on crops or foodstuffs.

This product toxic to wildlife and fish; do not contaminate streams, lakes, or ponds. Apply this product only as specified on this label.

NOTICE: Seller makes no warranty, expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when use and/or handling is contrary to label instruction.
