

Riverdale

25% Chlordane Granules

ACTIVE INGREDIENTS:	
Technical Chlordane*	25%
INERT INGREDIENTS:	75%
TOTAL	100%

* Equivalent to 15% Octachloro-4,7-methanotetrahydroindane and 10% related compounds.

FOR THE CONTROL OF SOIL INSECTS IN CORN

Broadcast Application at Planting Time: Make broadcast application of 10-16 lbs. Riverdale 25% Chlordane Granules per acre for control of the soil insect complex, including wireworms, white grubs, seed corn beetle, seed corn maggot, and larvae of green June bug, Asiatic garden beetle, Japanese beetle and white fringed beetles. For the control of corn rootworms (Western, Southern, Northern) cutworms, cornfield ants, and corn root aphids apply 8-16 pounds of Riverdale 25% Chlordane Granules per acre. Apply granules after field is plowed and disk in promptly. Restrict use to preplant or planting time application.

Use the higher rates on heavier soils and the lower rates on light sandy soils. For heavy infestations use heavier dosage.

Row Application: To control corn rootworms (Western, Northern, Southern) cornfield ants and corn root aphids apply 4 pounds Riverdale 25% Chlordane Granules per acre at planting time in the furrow, behind the planter shoe and ahead of the press wheel. To control wireworms and white grubs, apply 8 pounds 25% Chlordane Granules per acre in the row at planting time.

PRECAUTIONS IN USING

This product is toxic to fish, birds and other wildlife. Keep out of lakes, ponds and streams. Do not apply in any manner not specified on the label. Do not contaminate water by cleaning equipment or disposal of wastes. Destroy empty bags by burning. Stay away from smoke and fumes.

During commercial or prolonged exposure in mixing and loading operations, wear clean synthetic rubber gloves and a mask or respirator of a type found suitable by the U.S. Bureau of Mines for protection against Chlordane.

CAUTION: Keep Out of Reach of Children

CAUTION: May be fatal if swallowed, inhaled, or absorbed through the skin. Do not breathe dust. Do not get on skin. Wash thoroughly with soap and water after handling and before eating or smoking. Wear clean clothing. In case of spillage on person or clothing, immediately remove clothing and flush skin or eyes with plenty of water; for eyes, get medical attention. If swallowed induce vomiting immediately and get medical attention.
