

[228-93]

grain borer, Indian meal moth and mite pests infesting empty box cars into which bagged flour and packaged cereals are to be loaded and transported, apply Riverdale Bin Spray as follows:

Mix 1 gallon in 25 gallons of water and after cleaning, removing and burning all sweepings and debris, spray walls and floor to the point of run off. Let sprayed car stand empty with doors open until spray has thoroughly dried. Line the walls and floors of the box car with kraft paper before loading.

Field and Garden Seeds: These seeds can be protected against the above grain pests with a dosage of 1/2 pint of Riverdale Bin Spray in 1-2 1/2 gallons of water per 500 bushels of seed. Thoroughly cover the surface of the grain with an even application.

WARNING

Harmful if swallowed.

Avoid prolonged breathing of spray mists.

Avoid prolonged or repeated contact with the skin. Wash thoroughly after handling.

Avoid contamination of feed and foodstuffs.

Keep container closed and away from heat, sparks and open flame.

This product is toxic to fish, so keep out of lakes, streams and ponds.

Apply this product only as specified on this label.

Rinse equipment and containers and dispose of all wastes by burying in non-crop lands away from water supplies. Containers should be disposed of by punching holes in them and burying with wastes, or by burning (keep out of smoke).

DIRECTIONS FOR USE

Riverdale Bin Spray is for the protection of stored grains, such as wheat, oats, rice, corn, rye, barley, grain sorghum, and field or garden seeds, against confused flour beetle, rusty grain beetle, lesser grain borer, Indian meal moth, and for control of cereal leaf beetles.

RESIDUAL SPRAY — Before Storing Grains: Mix 1 gallon Riverdale Bin Spray with 25 gallons of water. Before applying spray, clean elevators, box cars, etc. thoroughly. Remove and burn all sweepings and debris. Make a thorough application of spray solution to walls, floor, truck beds, box cars and ships' holds before loading grain.

STORED GRAINS — Grains Going Into Storage: Apply 1 pint of Riverdale Bin Spray in 2-5 gallons of water per 1,000 bushels. Make application as the grain is being loaded or turned into final storage.

STORED GRAINS — After Grains Are Stored: To protect stored grains from attack by Indian meal moth, apply Riverdale Bin Spray to the surface of clean or uninfested grain at rate of 1/2 pint in 1-2 gallons of water per 1,000 sq. ft. of grain surface area. Apply spray evenly over the surface of the grain. Apply immediately after grain is loaded into storage and repeat if necessary.

RESIDUAL SPRAY — Box Cars For Loading and Transporting Bagged Flour and Packaged Cereals: For control of confused flour beetle, rice weevil, granary weevil, saw-toothed grain beetle, flat grain beetle, red flour beetle, rusty grain beetle, lesser
