Mr. Russell F. Sawyer
Riverside Chemical Company
220 East 17th Street
Chicago Heights, IL 60411

Dear Mr. Sawyer:

Subject: Amendment - Label Revisions
Riverdale Diazinon Seed Treater
EPA Registration No. 228-104
Your Letter Dated October 7, 1985

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(A) is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

- a. Correct the spelling of the word "with" found under Note: Riverdale Diazinon Seed Treater has been mixed "with" graphite.
- b. Under NOTE TO PHYSICIAN you have omitted the word "inhibition," which should follow the word cholinesterase; the word "symptoms" is incorrectly spelled.
- c. The sentence, this product is toxic to fish and wildlife, should be moved under the paragraph Environmental Hazards.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

May be fatal if swallowed. May be absorbed through the skin. Do not breathe dust. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Avoid contamination of food and feed. Do not use treated seed for food, feed or oil purpose. This product is toxic to fish and wildlife.

Treated seeds must not be used for or mixed with food or animal feed, or processed for oil. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting. Do not store excess treated seeds beyond planting time.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

NOTE TO PHYSICIAN: If symptoms of cholinesterase are present atropine sulphate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

ENVIRONMENTAL HAZARDS

Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

171

. DIRECTIONS

Enclosed Measuring Spoon holds 1 oz. (level)

FOR PROTECTION OF GERMINATING SEEDS AND SEEDLINGS
AGAINST SEED CORN BEETLES ON CORN

As a planter box treatment use 4-5 ounces per bushel of seed corn. Use only on seed that has been previously treated with a fungicide. Best results are obtained by mixing in a separate container prior to putting seed corn in planter- box. Do not mix with bare hands.

FOR PROTECTION OF GERMINATING SEEDS AND SEEDLINGS
AGAINST SEED CORN MAGGOTS ON CORN, PEAS, SOYBEANS
AND BEANS (Snap, Lima, White and Kidney)

As a planter box treatment, use 1½-3 ounces per bushel of seed. Mix with seed prior to planting. Do not use bare hands.

NOTE: Periodically checking and cleaning plates and boxes during planting is recommended. Buildup of the seed treatment sometimes occurs during high humidity which will affect planting rate. It is also suggested that if poor plantability occurs a plate with larger cells be used to compensate for the seed treatment coating.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store near seeds, fertilizer, insecticides or fungicides. If container is damaged or if pesticide has leaked, contain all spillage. Place in a closed labeled container for proper disposal.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty into application equipment. Dispose of empty container in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

TERMS OF SALE

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials. In any event, it is agreed by Buyer and User that liability of seller for breach of warranty, or for negligence, is to consist solely and exclusively of amount of purchase price.
