**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING**

*Do not get in eyes. Causes substantial but temporary eye injury. Wear goggles or face shield when handling concentrate. Harmful if swallowed. Avoid contact with skin or clothing. Avoid breathing vapors or spray mist. This product may cause dermal sensitization reaction.*

**STATEMENT OF PRACTICAL TREATMENT**

*If In Eyes: Immediately flush eyes with fresh water for 15 minutes and get medical attention immediately.*

*If On Skin: Wash skin with plenty of soap and water. Get medical attention if irritation persists.*

*If Swallowed: Drink one or two glasses of water. Induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention immediately.*

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Riverdale Triamine Lawn Weed Killer is effective for the control of Black Medic, Buckhorn, Burdock, Buttercup, Canada Thistle, Carpet Weeds, Chickweed, Chicory, Clover, Cocklebur, Dandelion, Dock, Dog Fennel, English Daisy, Florida Pursley, Frenchweed, Ground Ivy, Hawkweed, Heal-All, Heartloaf Drymary, Henbit, Jimson Weed, Knotweed, Lambs-quarter, Mallow, Morning Glory, Mustard, Oxalis, Pennywort, Pepperweed, Pigweed, Plantain, Poison Ivy, Poison Oak, Purslane, Rag Weed, Red Clover, Red Sorrel, Sheep Sorrel, Smartweed, Speedwell, Spurge, Spur Weed, Stitchwort, Toadflax, Veronica, Wild Aster, Wild Carrot, Wild Garlic, Wild Geranium, Wild Lettuce, Wild Onion, Wild Radish, Wood Sorrel, Yarrow and many other broadleaf weeds.

**IMPORTANT:** Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. Do not reseed for 3 to 4 weeks after use. If lawn needs watering, water thoroughly before application. Do not water for 48 hours after application. Spray entire lawn, wetting weeds and lawn grasses; do not overspray. Spray when air is calm to avoid spray drift that might injure desirable ornamental plants. Do not apply when temperatures are expected to exceed 85°F within 24 hours following application. Make new dilution for each use.

**LAWN WEEDS:** To kill dandelion, wild onion, pennywort, plantain, heal-all and similar weeds: use 8 ounces in 6 gallons of water and apply with pump sprayer or sprinkling can to 2,500 square feet of lawn. (For smaller areas use 2 teaspoons in 2 quarts of water applied to 100 square feet.) For larger areas use 1 gallon in 50 gallons of water to 1 acre.

To kill weeds such as thistles, bindweed, dock and ragweed, use 8 ounces in 6 gallons of water (or 2 teaspoonfuls in 2 quarts of water), and apply directly to plants, wetting them thoroughly. Repeat as necessary. For larger areas use 1 gallon in 50 gallons of water.

To kill undesirable plants such as poison ivy and poison oak, use 8 teaspoonfuls in 2 quarts of water or 1 gallon in 12½ gallons of water and drench plants when they are fully leaved. Repeat in about 4 weeks if necessary. Certain hard-to-kill weeds such as poison ivy, poison oak and English daisy may require a fall application.

NEWLY SEEDED LAWNS may be treated after they have been mowed at least 3 times.

BENT, BERMUDA, RED FESCUE, CARPET, ST. AUGUSTINE AND CENTIPEDE GRASSES: Use a one-half rate which is 4 ounces in 6 gallons of water (2 teaspoonfuls in 4 quarts of water applied to 200 square feet.) Make two applications 10 days apart. Do not spray grasses if stressed from heat, drought, etc. Slight turf yellowing should disappear after about 1 week. Do not apply to Dichondra, Lippia and Clover lawns.

After applying this product, many broadleaf weeds will begin to show visible signs of leaf curl within a few days. Some hard to control broadleaf weeds may require a second treatment in 3-4 weeks.

IMPORTANT: Avoid drift spray (Coarse sprays are less likely to drift) on vegetables, flowers, ornamental shrubs, trees and other desirable crop plants. Do not pour solution used to clean sprayer near desirable plants.

### STORAGE AND DISPOSAL

**STORAGE:** Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Do not store near feed, foodstuff, fertilizers, seeds, insecticides or fungicides. Store in a cool, dry, locked storage area. Do not store diluted spray.

(Alternate Storage Statement for Consumer Packaging  
**STORAGE:** To be stored in original container and placed in area inaccessible to children.)

**DISPOSAL: PRODUCT** - Partially filled container may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash.

**DISPOSAL: CONTAINER** - Rinse thoroughly before discarding in trash. Do not reuse empty container.

### NOTICE

Buyer assumes all risks of use, storage and handling of this product not in strict accordance with directions given herewith.
