DIRECTIONS FOR USE (Continued)

PMAR

228-190

- Shake can just before using and occasionally buring use.
- Invertican, hold at a.m.'s length, and point can at weed as you press button. Do not press button when can is in upright position.
- Stand close to weed (1 to 2 feet) with can aimed at weed and away from face.
- Push down briefly on button. Spray to cover center of weed, do not over-spray. The spray's foaming action will make it easy for you to see coverage.
- 5. One application will kill most weeds listed.
 If certain tough weeds are not dead within 3 weeks, repeat application.

 IMPORTANT: Do not use this product for controlling weeds in vegetable gardens, flower beds and programmental plants where

IMPORTANT: Do not use this product for controlling weeds in vegetable gardens, flower beds nor around shrubs and ornamental plants where roots are exposed. Do not apply to Dichondra, Lippia, and Clover lawns. Do not apply when temperatures exceed 90°F, or if rain is expected to occur within 48 hours following application.

Weeds in newly seeded lawn may be sprayed after lawn has been mowed 3 times.
