RIVERDALE
PROMETON 3.73E VEGETATION KILLER

Contains Pramitol^(R)

A CONTACT AND RESIDUAL DUAL ACTION NON-SELECTIVE WEED, GRASS
AND VEGETATION KILLER THAT MAKES SOIL BARREN.

A Total Vegetation Control for Both Residential and Commercial Use.
Prevents Plant Growth for Up to One Year.
One Gallon Covers Up to 1200 Square Feet.

ACTIVE INGREDIENT:

Prometon: 2,4-bis(isopropylamine)-6-methoxy-s-triazine 3.73%

INERT INGREDIENTS: 96.27%

TOTAL 100.00%

Contains 0.37 lbs. Prometon per gallon and petroleum distillates.

Pramitol^(R) is a registered trademark of Ciba-Geigy Corp.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes substantial but temporary eye damage. Wear goggles or face shield and rubber gloves when handling. Causes skin irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing vapors or spray mists. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling and before eating and smoking. Remove and wash contaminated clothing before reuse.

(Left Side Panel cont.)

STATEMENT OF PRACTICAL TREATMENT

- IF IN EYES: Hold eyelids open and flush with a steady, gentle stream of water. Get medical attention.
- IF ON SKIN: Wash immediately with plenty of soap and water. Get medical advise.
- IF SWALLOWED: Do not induce vomiting. May present aspiration hazard. Drink large quantities of water if conscious. Call physician immediately.
- IF INHALED: Remove victim to fresh air.
- NOTE TO PHYSICIAN: If swallowed, lavage stomach, taking care to avoid aspiration of stomach contents into lungs.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or wetlands. Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water when disposing of equipment washwaters. Do not use on slopes or in areas where runoff is likely to occur.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Read entire label before using this product. Apply only as specified on this label.

Use for bare ground vegetation control around: homes, driveways, brick walks, paths, patios, parking areas, fences and curbs, highway medians, pipelines, railroads, lumberyards, rights-of-way, buildings, storage areas, pumps, machinery, fuel tanks, [REDACTED] recreational areas, roadways, or similar areas.

Controls bindweed, common mullein, and other hard-to-kill weeds.

Prometon 3.73E Vegetation Killer is a nonselective product intended for use after dilution with water, or an appropriate oil, or other approved carrier. For best results, apply to bare ground or when weed growth is just starting. Weeds taller than 4-6 inches should be hoed before treatment or it may be necessary to make a second application. A second application may be necessary to control deep-rooted perennial weeds.

Care must be taken to keep this herbicide away from desirable flower beds, lawns, and shrubs. Do not apply over roots of valuable trees or woody ornamental plants. Only apply herbicide outside the dripline of trees. Avoid spray drift to desirable plants; spray when air is calm.

Avoid using where adjacent desirable trees, shrubs, or plants may be injured from leaching of the chemical through the soil.

For control of annual and susceptible perennial weeds such as downy brome grass, oatgrass, goosegrass, quackgrass, puncturevine, goldenrod, and plaintain. To cover 100 sq. ft., add 10 - 16 fl. oz. by use of a sprinkling can or other watering or spraying device. In sufficient water to get good coverage of the area (e.g., 2 1/2 gals. in sprinkling can). For control of hard-to-kill perennial broadleaf and grass weeds such as bindweed and johnson-

grass as well as the biennials common mullein and wild carrot, use 1-1/3 - 1.8 qts. in sufficient water to get good coverage. Different grades of mineral oil, diesel fuel, petroleum-based oil, fuel oil, or kerosene may be substituted for water. When using sprinkling can, triple rinse and pour rinsate on area treated once application is completed. Mix only the quantity needed and use immediately. Do not store dilute solution once container is opened. To minimize lateral movement, sprinkle lightly with a watering can or similar sprinkler device immediately after application.

Under conditions where the rainfall is high and the growing season long, a second application may be necessary to maintain a vegetation free soil surface.

STORAGE AND DISPOSAL

STORAGE: To be stored in original container and placed in an area inaccessible to children.

PESTICIDE DISPOSAL: Product remaining in original container should be disposed of by securely wrapping original container in several layers of newspaper and discarding in trash.

CONTAINER DISPOSAL: Do not reuse empty container. Discard empty container in trash.

(Alternate Statements for Commercial Users)

STORAGE: Always store pesticides in a secured warehouse or storage building. Do not store near seeds, fertilizers, insecticides or fungicides. Containers should be opened in well-ventilated areas. Keep container tightly sealed when not in use. Do not stack cardboard cases more than two pallets high. Do not contaminate water, food or feed by storage and disposal.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse or equivalent and offer for recycling or reconditioning or dispose of in a sanitary landfill and by other approved state and local procedures. Plastic containers are also disposable by incineration, if allowed by State and local authorities by burning. If burned, stay out of smoke.

WARRANTY

Riverdale warrants that this herbicide conforms to the chemical description on its label. When used in accordance with label directions under normal conditions, this herbicide is reasonably fit for its intended purposes. Since timing, method of application, weather, plant, and soil conditions, mixtures with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
