OFFICE OF  
PREVENTION, PESTICIDES AND  
TOXIC SUBSTANCES

July 24, 2003

Mr. Russell Sawyer  
Nurfarm America Inc.  
1333 Burr Ridge Parkway  
Suite 125A  
Burr Ridge, IL 60527-0866

Dear Mr. Sawyer:

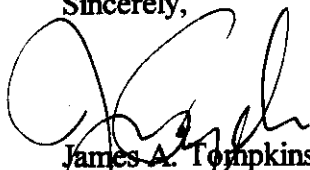

Subject: Label Amendment Per PR Notices 2001-1 and other minor changes  
Riverdale® DiBro 5 + 4  
EPA Registration No. 228-236  
Your Submission Dated May 15, 2003

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided you make the following label changes.

1. Revise the first sentence under the Hazards to Humans and Domestic to read as follows:  
"Causes moderate eye irritation."
2. Following the If on Skin or Clothing, add the **If Inhaled** statement to the First Aid statements as follows:  
  
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
3. Under the Storage and Disposal section, make the following changes:
  - a. Change "Storage" to "Pesticide Storage"
  - b. Move the statement "Do not contaminate water, food or feed, by storage or disposal" so it will appear directly under the heading Storage and Disposal.

You must submit two (2) final printed label before you release the product for shipment.  
A stamped copy is enclosed for your records.

Sincerely,

James A. Tompkins  
Product Manager 25  
Herbicide Branch  
Registration Division (7505C)

**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS****CAUTION**

May irritate eyes, nose, throat and skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**FIRST AID STATEMENT**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN  
OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.**

**NON-CROP WEED CONTROL - INDUSTRIAL USE ONLY**

DiBro 5 + 4 Granular is a non-selective granular herbicide for controlling a wide range of annual and perennial weeds and grasses. It is recommended only for non-cropland areas such as rights-of-way for pipeline, utility, highway, and railroads; and industrial areas such as airports, petroleum tank farms, lumberyards, and plant sites. 100 to 200 pound applications of DiBro 5 + 4 Granular per acre usually result in a non-productive condition of the soil for a period of a year or more. The duration of non-productivity is dependent upon rainfall, soil type, and other conditions.

DiBro 5 + 4 Granular should be applied as furnished with a seed spreader, a fertilizer spreader, a shaker-type applicator, or with any equipment which will distribute the chemical uniformly over the area to be treated. For the control of annual and most perennial weeds and grasses, apply DiBro 5 + 4 Granular at the rate of 100 to 200 pounds per acre; up to 400 pounds per acre may be required when longer period of control is desired where hard-to-kill, deep rooted perennial weeds such as johnsongrass are present; on smaller plots apply 1 pound per 100 square feet. Repeat spot treatment may be required when deep-rooted perennial weeds are present. To obtain best results, DiBro 5 + 4 Granular should be applied to the ground where it will be absorbed by the roots. Applications made early in the season have been found to give results superior to applications at a later seasonal date. DiBro 5 + 4 may, however, be applied at any time of the year. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season. Users should consult State Agricultural Experiment Station or Extension Service weed specialist for recommendations as to use in their particular area.

**IMPORTANT:** Do not apply on or near valuable woody or herbaceous plants or on areas where their roots may extend because of possible injury to such plants. Thoroughly clean

5/5

spreading equipment with a suitable chemical cleaner before using for other purposes (or do not use same spreading equipment for other purposes). Do not use on croplands or any land to be used for subsequent cropping. Keep animals off treated areas.

#### STORAGE AND DISPOSAL

**STORAGE:** Always store pesticides in a secured warehouse or storage building. Do not store near open containers of fertilizer, seed or other pesticides. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

**PESTICIDE DISPOSAL:** Open dumping is prohibited. Waste or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, state or local procedures. Place in a closed, labeled container for proper disposal.

**CONTAINER DISPOSAL:** Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. The dispose of liner and drum in a sanitary landfill or by incineration if allowed by state and local authorities.

#### NOTICE OF WARRANTY

Seller warrants that this product conforms to the chemical description on the label there of and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the seller. In no case shall the seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer. Seller makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
