2 of 2

ENVIRONMENTAL HAZARDS

Do not apply directly to water.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

Shake well before using. Remove protective cap. Hold upright. Point spray opening away from you and press valve downward. Apply spray in short bursts.

This spray for use in picnic areas, patios, and backyards contains pyrethrins. The new high pressure Fog-a-Yard Pyrethrin formulas will kill insects up to 20 feet away. Pyrethrins are extracted from a daisy-like flower grown in Kenya, East Africa.

FOR FLYING INSECTS: Flies, mosquitoes, gnats. Stand with back to wind with arm outstretched. Spray area to be covered thoroughly, letting mist drift over area to be relieved. Repeat as necessary.

FOR CRAWLING INSECTS: Ants. Spray infested surface of patio or picnic area hitting as many insects as possible. Also spray legs of tables and chairs to repel crawling insects. Spray ant hills for best control. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: To be stored in original container and placed in an area inaccessible to children. Do not store near heat or open flame.

PESTICIDE DISPOSAL: Product remaining in original container should be disposed of by securely wrapping original container in several layers of newspaper and discarding in trash.

CONTAINER DISPOSAL: Do not incinerate or puncture. Replace cap and discard container in trash.

NOTICE: Buyer assumes all risks of use, storage and handling this product not in strict accordance with directions given herewith. (PR938 042194)
