Subject Quincept MC
EPA Reg No 228 706
Change primary brand name to
Quincept® LT MC

Dear Ms Hobgood

Nufarm Americas Inc would like to make a change to the primary brand name for the subject registration We would like the primary brand name for the subject registration to be Quincept® LT MC We feel that this label change is permitted and consistent with PRN98 10 section II (Labeling notifications) part A (Changing primary brand name) The new primary brand name is not false and misleading

To process this request please find enclosed the following

- Application for Pesticide Registration (EPA form 8570 1)
- Final print labeling with new primary brand name (1 copy)

If you should have any questions regarding this matter please feel free to contact me at 630 455 2017 or email at george.meindl@us.nufarm.com

Sincerely

George Meindl

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates Do not discharge effluent containing this product into lake streams ponds estuaries oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority For guidance contact your State Water Board or Regional Office of the EPA

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

This material requires further mixing before use For formulation into end use products for the following uses such as lawns established turfgrasses and sod nurseries

This product may be used to formulate products for specific uses not listed on the MP label if the formulator user group or grower has complied with USEPA data and/or citations of data requirements regarding support of such uses

Uses for experimental purposes that are in compliance with U S EPA regulations

Each formulator is responsible for obtaining the EPA registration of his formulated product(s)

For specific information relating to composition toxicity methods of formulation and the product s effectiveness please contact your Nufarm representative

STORAGE AND DISPOSAL

Do not contaminate water food or feed by storage or disposal

PESTICIDE STORAGE Always use original container to store pesticides in a secured warehouse or storage building Store at temperatures above 32 F If allowed to freeze remix before using This does not alter the product Containers should be opened in well ventilated areas Keep container tightly sealed when not in use Do not stack cardboard cases more than two pallets high Do not store near open containers of fertilizer seed or other pesticides

PESTICIDE DISPOSAL Pesticide wastes are toxic If container is damaged or if pesticide has leaked contain all spillage Absorb and clean up all spilled material with granules or sand Place in a closed labeled container for proper disposal Improper disposal of excess pesticide spray mixtures or rinsate is a violation of Federal law and may contaminate groundwater If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance
