Olin COB-90 DRY CHLORINATED COMPOUND COARSE

ACTIVE INGREDIENT:
Trichloro-s-Triazinetrione 99%
(Trichloroisocyanuric Acid, Dry)
Inert Ingredients 1%
(Contains 89% Available Chlorine)

WT. 300 LBS. (135.8 KG)
ITEM NO. 85305

EPA REG. NO. 230-47 EST NO. 9157-MI-1

KEEP OUT OF REACH OF CHILDREN
DANGER

FIRST AID (Practical Treatment)

If swallowed: Drink large quantities of water. Do not induce vomiting. Call a physician immediately.

If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If in eyes: Flush with cold water for at least 15 minutes. Call a physician immediately.

If inhaled: Remove person to fresh air. Call a physician immediately.

SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER:

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. Wear goggles or face shield, use rubber gloves, and use only thoroughly clean, dry utensils when handling. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS

DANGER:

Strong oxidizing agent. Use only clean, dry utensils. Contamination with moisture, organic matter or other chemicals (including pool chemicals) or any other foreign material may start a chemical reaction with generation of heat, liberation of hazardous gases or possible generation of fire or explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. This product decomposes at 430° - 480° with liberation of heat and harmful gases. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES Permit. For guidance, see the regional office.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its label. This product is to be used only for repackaging or formulation as a disinfectant, sanitizer, fungicide, bactericide, and algicide. Repackagers or reformulators must obtain their own registrations to legally market their product for these uses.

STORAGE AND DISPOSAL:

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty by shaking and tapping sides and bottom to loosen clinging particles. Empty residue by application equipment. Then dispose of liner in a sanitary landfill or by incineration allowed by State and local authorities. Dispose of drum in the same manner.

EMERGENCY HANDLING: In case of contamination or decomposition of product, do not reuse container. If possible, isolate container in open and well-ventilated area. Flush with large volumes of water. Dispose of contaminated material in an approved landfill area.
