Olin CDB-63

Active Ingredient:
Sodium Dichloro-s-Triazinetrione—98%
(Sodium Dichloroisocyanurate)
Inert Ingredients—2%
(Contains 62% Available Chlorine)

NET WT. 275 LBS. (124.8 kg.)

Course Dry Chlorinated Compound

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER!

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS. This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance, contact the regional office of EPA.

KEEP OUT OF REACH OF CHILDREN DANGER!

PRACTICAL TREATMENT (FIRST AID): If swallowed: Drink large quantities of water. Do not induce vomiting. Do not use emetics.

If On Skin: Wash affected area with soap and water until well cleaned. Wash for at least 15 minutes. If irritation persists get medical attention.

If In Eyes: Flush with clean water for at least 15 minutes. Get medical attention immediately.

If Inhaled: Remove to fresh air. If irritation persists get medical attention.

SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL.

EPA REG. NO. 230-50 EPA EST. NO. 230-WV-1

DIRECTIONS FOR USE

This is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is to be used only for repackaging or formulation as a disinfectant, sanitizer, fungicide, bactericide, and algicide. Repackagers or reformulators must obtain their own registrations to legally market their product for these uses.

CHEMICAL HAZARDS

Danger: Strong oxidizing agent. Use only clean, dry utensils. Contains reaction with moisture and organic matter or other chemicals. The long-term effects of this chemical on human health, on the chemical reaction, on generation of heat, on generation of hazardous gases, and on the generation of the breakdown products are not known. Do not use in confined spaces. Do not use in areas where there is a possibility of fire or explosion. Do not use in areas where there is a possibility of fire or explosion. Do not use in areas where there is a possibility of fire or explosion. Do not use in areas where there is a possibility of fire or explosion.

STORAGE AND DISPOSAL: Keep product in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty inner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of inner in a sanitary landfill or by incineration, if allowed by State and local authorities. Dispose of drum in the same manner. **EMERGENCY HANDLING:** In case of contamination or decomposition of product, do not reuse container. Place in a secure container in open and well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
