NET. WT. 300 LBS. (136.07 kg)

Olin CDB-90

Active Ingredient:
 Trichloro-s-Triazinetrione 99%
 (Trichloroisocyanuric Acid, Dry) 1%
 Inert Ingredients
 (Contains 89% Available Chlorine)

Dry Chlorinated Compound

MEDIUM

EPA REG. NO. 230-58
EPA EST 1258-LA-1

KEEP OUT OF REACH OF CHILDREN
DANGER!

FIRST AID (Practical Treatment):

If Ingested: Feed large amounts of milk or water and induce vomiting. Call a physician immediately.

If on Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If In Eyes: Flush with cold water for at least 15 minutes. Get medical attention.

If Inhaled: Remove person to fresh air. Get medical attention.

CHEMICAL HAZARDS:

Danger: Strong oxidizing agent. Use only clean, dry utensils. Contamination with moisture, dirt, organic matter or other chemicals (including pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire or explosion. Avoid any contact with flaming or burning material, such as a lighted cigarette. CDB-90 decomposes at 430°-480°F with liberation of heat and harmful gases. Do not use CDB-90 in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARD:

This product is toxic to fish. Do not contaminate lakes, ponds, or streams by cleaning of equipment or disposal of wastes.

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

GENERAL DIRECTIONS FOR FORMULATING:

CDB-90 is to be used only for repackaging or formulating as a disinfectant, sanitizer, fungicide, bactericide, and algaecide.

Before the new product can be lawfully distributed in interstate commerce, registration by the Environmental Protection Agency is required.

STORAGE AND DISPOSAL:

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Dispose of drum in the same manner. **EMERGENCY HANDLING:** In case of contamination or decomposition of product, do not reseal container. If possible, isolate container in open and well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area or bury in a safe place.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Do not handle with bare hands. Wear goggles or face shield, use rubber gloves, and use only thoroughly clean, dry utensils when handling. Irritating to nose or throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.
