

Olin CDB CLEARON®

Net weight 800 Pounds (136.08 kg)
C.OARSE
Stabilized Dry Chlorine Bleaching Compound

Active Ingredient:
Sodium Dichloro-s-Triazinetrione Dihydrate-99%
(Sodium Dichloroisocyanurate dihydrate)
Inert Ingredients _____ 1%
(Contains 55% Available Chlorine)

EPA Reg. 230-69 EPA Est 230-WV-1

KEEP OUT OF REACH OF CHILDREN
DANGER!
SEE PRECAUTIONARY STATEMENT AND
FIRST AID INFORMATION ON SIDE PANEL

FIRST AID (Practical Treatment)

If Swallowed: Drink large quantities of water. Do not induce vomiting. Call a physician.

If on Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

Olin CHEMICALS

OLIN CORPORATION
CDB PRODUCTS
120 Long Ridge Road
Stamford, CT 06904

Olin is a registered
trademark of Olin Corporation

If in Eyes: Flush with cold water for at least 15 minutes. Get medical attention.

If Inhaled: Remove person to fresh air. Get medical attention.

CHEMICAL HAZARDS.

Danger: Strong oxidizing agent. Use only clean, dry utensils. Contamination with moisture, dirt, organic matter or other chemicals (including pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire or explosion. Avoid any contact with flaming or burning material, such as a lit cigarette. CDB CLEARON decomposes at 450°-500°F with liberation of heat and harmful gases. Do not use CDB CLEARON in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

GENERAL DIRECTIONS FOR FORMULATING: CDB CLEARON is to be used only for repackaging or formulating as a disinfectant, sanitizer, fungicide, bactericide, and algicide. Before the new product can be lawfully distributed in interstate commerce, registration by the Environmental Protection Agency is required.

STORAGE AND DISPOSAL.

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous.

Improper disposal of excess pesticide, spray mixture, or non-solvent is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Dispose of drum in the same manner. **EMERGENCY HANDLING:** In case of contamination or decomposition of product, do not reseat container if possible, isolate container in open and well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Do not handle with bare hands. Wear goggles or face shield, use rubber gloves, and use only thoroughly clean, dry utensils when handling. Irritating to nose or throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.
