

Reg No 230-80

PM 32

1031

ACCEPTED
230-80
SEP 20 1989

This pesticide is toxic to fish. Do not discharge effluent containing this product into rivers, streams, ponds, estuaries, oceans, or other waters unless this product is specifically identified as addressed in an FIFES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

CDB-90

DRY CHLORINATED COMPOUND TABLETS

ACTIVE INGREDIENT:
Trichloro-s-Triazinetrione 99%
(Trichloroisocyanuric Acid, Dry)
Inert Ingredients 1%
(Contains 89% Available Chlorine)

WT. 300 LBS. (135.8 KG)
ITEM NO. 85305
EPA REG NO 230-80 EST NO 9157-MH

KEEP OUT OF REACH OF CHILDREN
DANGER

FIRST AID (Practical Treatment)
If swallowed, Drink large quantities of water. Do not induce vomiting. Call a physician immediately.
If on skin, Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.
If in eyes, Flush with cold water for at least 15 minutes. Call a physician immediately.
If inhaled, Remove person to fresh air. Call a physician immediately.

Trichloroisocyanuric Acid, Dry

SEE ADDITIONAL PRECAUTIONS ON SIDE PANEL

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER:
Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get eyes, on skin or on clothing. Do not handle with bare hands. Wear goggles or face shield, use rubber gloves, and use only thoroughly clean, dry utensils when handling. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS
DANGER:
Strong oxidizing agent. Use only clean, dry utensils. Contamination with moisture, dirt, organic matter or other chemicals (including pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases, or possible generation of fire or explosion. Avoid any contact with flaming or burning materials such as a lighted cigarette. This product decomposes at 430° - 480° with liberation of heat and harmful gases. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARDS:
This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES Permit. For guidance, contact the regional office.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its label. This product is to be used only for repackaging or formulation as a disinfectant, sanitizant, fungicide, bactericide, and algicide. Repackagers or reformulators must obtain their own registrations to legally market their product for these uses.

STORAGE AND DISPOSAL:
Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and open flame. Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not reuse empty container. Completely empty by shaking and tapping sides and bottom to loosen clinging particles. Empty residue by application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Dispose of drum in the same manner.

EMERGENCY HANDLING: In case of contamination or decomposition of product, do not reuse container. If possible, isolate container in open and well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

The amendment referred to above, submitted in connection with registration under FIFRA, is acceptable provided that you:

1. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If this condition is not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6 (e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of this condition.

A stamped copy of the labeling is enclosed for your records.
