

Olin Corporation
CDP Products
120 Long Ridge Road
Stamford, CT 06904

24 APR 1986

Gentlemen:

Subject: CDH-90 Dry Chlorinated Compound 8 oz. Stick
EPA Registration No. 230-84
Your Amendment Application Dated January 19, 1986

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Make the labeling changes in accordance with the enclosed edited label before you release the product for shipment bearing the amended labeling.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Jeff Kempter
Acting Product Manager (32)
Disinfectants Branch
Registration Division (TS-767C)

FIRST AID (Practical Treatment):

If **Swallowed:** Feed large amounts of milk or water and induce vomiting. Call a physician immediately.

If **on Skin:** Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If **In Eyes:** Flush with cold water for at least 15 minutes. Get medical attention.

If **Inhaled:** Remove person to fresh air. Get medical attention.

CHEMICAL HAZARDS:

Danger: Strong oxidizing agent. Use only clean, dry utensils. Contamination with moisture, dirt, organic matter or other chemicals (including pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire or explosion. Avoid any contact with flaming or burning material, such as a lighted cigarette. CDB-90 decomposes at 430°-480°F with liberation of heat and harmful gases. Do not use CDB-90 in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g. calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARD:

This product is toxic to fish. Do not contaminate lakes, ponds, or streams by cleaning of equipment or disposal of wastes.
