

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance contact your regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix only with water. Use clean utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, generation of hazardous gases and possible generation of fire explosion. In case of contamination or decomposition do not reuse container. If possible isolate container in open air or well ventilated area. Flood with large volume of water if necessary.

CDB Clearon.

INDUSTRIAL WATER BIOCIDES

ACTIVE INGREDIENT:
Sodium Dichloro-s-triazinetrione Dihydrate 99.3%

INERT INGREDIENTS: 0.7%

Provides 5% available chlorine

KEEP OUT OF REACH OF CHILDREN DANGER

PRACTICAL TREATMENT: FIRST AID

If swallowed food bread soaked in milk followed by olive oil or cooking oil. Call a physician immediately.
If on skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists get medical attention.
If in eyes: Flush with cold water for at least 15 min. Get medical attention.

Manufactured by: FMC CORPORATION

EPA Reg. No. 230-
EPA Est. No. 230-001-01

ACCEPTED
WITH COMMENTS
EPA Letter Dated: _____

OCT 18 1982

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, the pesticide registered under EPA Reg. No.

230-86

CDB CLEARON industrial water biocide is recommended for use in either industrial cooling water or in industrial water for washing air.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Industrial Cooling Tower Water

For badly fouled systems add 1 1/2 or 3 lbs. of CDB CLEARON industrial water biocide daily for each 10,000 gallon of system water. This provides 10 ppm and 20 ppm available chlorine respectively. Repeat each day until the system is free of visible fungi and algal slime. This condition is usually indicated when a free available chlorine residual of at least 1 ppm is found four hours after the treatment. When a system is under control add 5 or 10 oz. of CDB CLEARON industrial water biocide daily per 10,000 gallon of system water to provide 2 or 4 ppm free available chlorine respectively. These amounts may be raised or lowered as required and indicated by water conditions and by test for chlorine residual. Reliable test kits for testing free available chlorine are available and should be used. The CDB CLEARON industrial water biocide should be added directly from the container to a place in the system where it will be evenly mixed with the water.

Water for Air Washers

In starting up a new system add 1/2 lb. to 3/4 lb. of CDB CLEARON industrial water biocide per 10,000 gallon of water in the system. This provides 4 or 5 ppm of free available chlorine respectively. For routine control add 1 1/4 to 2 1/2 oz. of CDB CLEARON industrial water biocide per 10,000 gallons of water daily. This will provide 0.5 or 1.0 ppm free available chlorine. These amounts may be raised or lowered as required and indicated by water conditions and tests for free available chlorine. Reliable test kits are available for testing chlorine and should be used.

STORAGE AND DISPOSAL

Keep product dry in tightly closed container when not in use. Store in a cool, dry well-ventilated area away from heat or open flame. In case of decomposition isolate container, if possible, and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved landfill area or bury in a safe place.

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, D.C. 20460 NOTICE OF PESTICIDE: ☒ REGISTRATION ☐ REREGISTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i>	EPA REGISTRATION NO. 230-86 TERM OF ISSUANCE	DATE OF ISSUANCE OCT 18 1982
NAME OF PESTICIDE PRODUCT GDF CLEARON GRANULAR INDUSTRIAL WATER SOLUTION		
NAME AND ADDRESS OF REGISTRANT (Include ZIP code) FMC Corporation Industrial Chemical Group 2000 Market St. Philadelphia, PA 19103		
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.		
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.		
Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
This product is conditionally registered in accordance with FIFRA sec. 3(c)(7) provided that you:		
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. (c)(5) when the Agency requires all registrants of similar products to submit such data. 2. Add the phrase "EPA Registration No. 230-86" to your label before you release the product for shipment. 3. Submit Five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for further description of final printed labeling.		
A copy of your proposed label with our acceptance stamp is included with this registration with the understanding that you will comply with the conditions in the attachment to the registration notice.
