COMBINATION INSECT AND DISEASE CONTROL SPRAY

Diseases on ROSES and Many Other Ornamentals by J. E. H. BAKER, M. A., F. R. S. (London: The Royal Horticultural Society, 1954, 10s. 6d.). Pp. 128. This excellent book is a reprint of the 1934 edition, and is a valuable reference work for the rose grower. It covers a wide range of diseases, including black spot, downy mildew, and various types of rust. The book is written in a clear and concise style, and is illustrated with numerous photographs of diseased plants. It is a must-have for any serious rose grower.
