

ORTHO Rotenone Dust or Spray

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing dust or spray mist. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT: If swallowed, give water or milk to drink and telephone for medical advice. Consult medical personnel before inducing vomiting. If medical advice cannot be obtained, then take person and product container to the nearest medical emergency treatment center or hospital. In case of eye contact, flush eyes with fresh water for at least 15 minutes. See a doctor if irritation persists.

Note to Physicians: Emergency Information — call (415) 233-3737.

ENVIRONMENTAL HAZARDS: This product is highly toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

ORTHO Rotenone Dust or Spray contains Rotenone and other Cubé Resins. It is for use in the control of certain garden pests on vegetables. Rotenone is a naturally occurring insecticide derived from certain plants found in Central and South America.

DIRECTIONS

Do not use on vegetables within 1 day of harvest.

AS A DUST: Dust thoroughly at rate of 1 lb. per 1000 sq. ft. (30 to 40 lbs. per acre). Start application as soon as insects appear and repeat at 5 to 10 day intervals — unless otherwise specified.

AS A SPRAY: Mix 6 to 8 Tablespoonfuls in a little water to make a thin paste, add to 1 gallon water and agitate during application. Make new dilution for each use.

| PLANTS | INSECTS | COMMENTS |
|------------|---|---|
| ASPARAGUS | Asparagus Beetle | |
| BEANS | Twelve-spotted Beetle, Thrips, Flea Beetles | |
| CABBAGE | Cabbage Worms, Flea Beetles | |
| CUCUMBER | Cucumber Beetle, Flea Beetles | |
| PEAS | Pea Weevil | Dusting or spraying should be completed before the pods have set and before Weevils appear. |
| SWEET CORN | European Corn Borer | Apply to whorls from time plants are knee-high to maturity. Repeat treatments weekly or as necessary. |

STORAGE AND DISPOSAL

STORAGE: Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area. Do not store diluted spray.

DISPOSAL PRODUCT: Partially filled canister may be disposed of by securely wrapping original container in several layers of newspaper and discarding in trash. **CONTAINER:** Do not reuse empty container. Discard canister in trash.

NOTICE: See back panel for information on how to obtain a refund for unused product.

NOTE: This product is not for use on food crops. It is for use on ornamental plants and shrubs only.
