ULTRA LOW VOLUME NON-THERMAL GROUND APPLICATION: Dilute 2 qts. (64 fl. ozs.) of DIBROM 14 Concentrate in soybean oil or HAN to make 5 gals. of dilute solution. Apply through Leco ground ULV equipment operating at 1.5 psi to achieve optimum mosquito control. Greater pressures result in overatomization and poor mosquito control. Apply at the rate of 3 to 6 fl. ozs. per minute at a vehicle speed of 5 mph, applying a swath 300 ft. wide; at 10 mph, deliver 6 to 12 fl. ozs. per minute; and at 15 mph deliver 9 to 18 fl. ozs. per minute. This is equivalent to 0.01 to 0.02 lb. actual DIBROM per acre. Use the high rate and slower speed to penetrate dense vegetation.

**WARNING:** Concentrate may cause skin or eye damage. Do not get in eyes, on skin or on clothing. May be harmful if swallowed or absorbed through skin. Avoid breathing spray mist. Use waterproof gloves and face shield or goggles when handling concentrate. In case of contact, immediately remove contaminated clothing and flush skin or eyes with plenty of water. For eyes, get medical attention. Avoid contamination of feed, foodstuffs and drinking water.

Note to Physician: Naled is a cholinesterase inhibitor. Atropine is antidotal. 2-PAM is also antidotal and may be used in conjunction with atropine. Mucosal damage may occur, and if gastric lavage is indicated it should be performed cautiously.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME. Concentrate may corrode metal spray or mixing equipment. Flush all equipment thoroughly with aromatic solvent after use. Rinse equipment and containers and dispose of wastes by burying in non-crop lands away from water supplies. Containers should be disposed of by punching holes in them and burying with wastes.

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams and ponds. Do not contaminate any body of water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.
