

NOTE: This product is sold by weight and package is full when packed, but due to fluffy nature this material is inclined to settle.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH CAUTIONS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

KEEP PESTICIDE IN ORIGINAL CONTAINER.

ORTHO Soybean Seed Protectant (MO) is a specifically designed formulation for the treatment of soybean seed. It protects sound and/or mechanically injured seed against seed and soil-borne diseases such as seedling blights, damping-off and seed decay organisms at planting time. It also provides molybdenum which is essential to the nitrogen-fixing nodule bacteria.

Designed to protect seed at planting time, ORTHO Soybean Seed Protectant (MO) enables the farmer to avoid the additional handling of commercial seed treatment, thus lowering the percent of cracked or split seed planted. At recommended dosage rates, this product assures adequate seed coverage and allows any excess to flow down with the seed into the furrow, thus affording maximum protection. Can be used on previously treated seed.

Soybeans are most likely to benefit from treatment with this product when planted in acidic soils (soils needing liming), heavily leached soils, or soils high in iron content.

ORTHO

Soybean Seed Protectant (MO)

DIRECTIONS

(One level scoop holds approximately 4 ounces of product.)
SOYBEANS: Use ORTHO Soybean Seed Protectant (MO) as a planter box treatment. Add 4 ozs. of this product to the amount of seed required to plant one acre. This will give the needed ½ ounce of Sodium Molybdate per acre.

CAUTION: Avoid inhalation of dust. Avoid contact with skin. Do not store or transport near feed or food. Do not use treated seed for human consumption. ORTHO Soybean Seed Protectant (MO) treated seed sold or shipped as feed or foodstuffs may be considered adulterated under state and federal laws. When container is empty, immediately wash thoroughly and destroy. Never re-use.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

CONDITIONS OF SALE: 1. Chevron Chemical Company (Chevron) warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed hereon. Chevron neither makes, nor authorizes any agent or representative to make, any other warranty of FITNESS or of MERCHANTABILITY, guarantee or representation, express or implied, concerning this material.

2. Critical and unforeseeable factors beyond Chevron's control prevent it from eliminating all risks in connection with the use of chemicals. Such risks include, but are not limited to, damage to plants and crops to which the material is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated hereon and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by Chevron under 1. above) resulting from handling, storage, and use of this material.
