

NOTE: This product is sold by weight and package is full when packed, but due to fluffy nature this material is inclined to settle.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER

Causes irreversible eye damage. May cause allergic skin reactions. Harmful if swallowed or inhaled. Do not get in eyes. Wear goggles when handling. Avoid contact with skin and clothing. Avoid breathing of dust or vapor. If conditions or frequency of use increase the potential of exposure, inhalation can best be avoided by wearing a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under the provisions of 30 CFR, Part 11. Wash hands after use. Remove and launder clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT

In case of eye contact, immediately flush eyes with fresh water for 15 minutes and see a doctor. If swallowed, give a large amount of water to drink, make person vomit, and call a doctor. For skin contact, wash with plenty of soap and water. See a doctor if irritation occurs or rash develops.

Note to Physicians: Emergency Information - call (415) 233-3737

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited.

STORAGE

Keep pesticide in original container. Store in cool, dry place. Protect from excessive heat. Do not store or transport near feed or food. For help with any spill, leak, fire or exposure involving this material, call night (415) 233-3737.

PESTICIDE DISPOSAL

This product is acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Do not reuse container. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Soybean Seed Protectant (MO)

ORTHO Soybean Seed Protectant (MO) is a specifically designed formula for use on soybean seed to protect against seed and soil-borne diseases such as damping-off and root rot at planting time. It also provides molybdenum which is essential to the nitrogen fixation process. Designed to protect seed at planting time, ORTHO Soybean Seed Protectant (MO) is a necessary part of commercial seed treatment, thus lowering the percent of cracked or sprout-damaged seed, and assures adequate seed coverage and allows any excess to flow down to the soil. Can be used on previously treated seed. Soybeans are most likely to benefit from treatment with this product when planted in sandy soils, or soils high in iron content.

DIRECTIONS: MEASURING CUP ENCLOSED

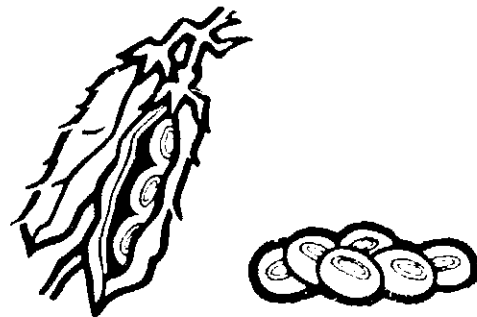

SOYBEANS: Use ORTHO Soybean Seed Protectant (MO) as a planter box application. When seed is planted at the rate of one bushel per acre, this will require 4 oz. of product. For improved mixing of product with seed, the following procedure is suggested: Measure the required amount of ORTHO Soybean Seed Protectant (MO) and mix thoroughly with a clean measuring cup and add the rest of the required amount of ORTHO Soybean Seed Protectant (MO) obtained by premixing seed with the product in a suitable container, the measuring cup holds approximately 4 oz. of product. This will treat one bushel of soybean seed. Do not feed treated seed to animals. Do not use treated seed for human consumption. ORTHO Soybean Seed Protectant (MO) sold or shipped as feed or foodstuffs may be considered adulterated. See label for full directions. **TREATED SEED. DO NOT USE FOR FOOD, FEED OR FODDER.**

Do not inhale. Do not get in eyes. Wear eye protection. If conditions or frequency of use require, wear a respirator jointly approved by the Mining and Safety Administration and the National Institute for Occupational Safety and Health. Wash hands and clothing before reuse.

If swallowed, give a large amount of water. See a doctor if irritation persists.
