Moles

IMPORTANT APPLICATION TIPS

Before applying, read the label carefully and follow the directions.
After applying, the product will be effective for up to 4 weeks.

After applying the product, water the lawn with water.
10 to 15 minutes to wash the product into the soil and
down into the soil where the weeds are growing.

Do not take any dogs or children into the treated area.
The product is a poison to dogs and children if they eat it.
Do not allow dogs or children to play in the treated area until the weeds
are controlled to grow.

Do not apply the product to a lawn that is already growing
grass. Seeds from grasses and other weeds will
grow for at least 4 months after application of the
product. Reapply the product to the lawn as directed by the
label. Do not apply the product to a lawn that is already
growing grass.

Newly seeded lawns should not be treated with this product.
Have been in use since 1950.

CAUTION: Do not use this product on lawns that are
already growing grass. Do not use this product on lawns that
are already growing grass. Do not use this product on lawns that
are already growing grass.

NOTICE: Do not use this product on lawns that are
already growing grass.
