

ORTHO DYRENE[®] Lawn Disease Control

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS AND DIRECTIONS.

KEEP PESTICIDE IN ORIGINAL CONTAINER. DO NOT PUT CONCENTRATE OR DILUTE INTO FOOD OR DRINK CONTAINERS.

ORTHO DYRENE Lawn Disease Control gives effective control of common lawn diseases including Brown Patch (*Rhizoctonia*), Dollar Spot (*Sclerotinia*), Copper Spot (*Gloeocercospora*), Rust (*Puccinia*), Snow Mold (*Typhula*), and *Helminthosporium* diseases such as Melting Out, Leaf Spot and Zonate Eye Spot. Do not store diluted spray. Make new dilution for each use FOR BEST RESULTS. USE AN ORTHO SPRAY-ETTE

DIRECTIONS

Use ORTHO SPRAY-ETTE to apply treatments. Add the required amount of ORTHO DYRENE Lawn Disease Control to the sprayer jar and add a small amount of water. Mix until thin paste is formed. add water to bring to desired level and stir. Apply spray evenly. 6 gallons diluted spray treats 1,000 square feet. Agitate jar occasionally while spraying. Water lawn if necessary before applying ORTHO DYRENE Lawn Disease Control. Do not water lawn for 48 hours after application. Do not graze treated areas. Do not feed clippings to livestock.

DILUTION TABLE

ORTHO DYRENE LAWN DISEASE CONTROL TO USE	ADD WATER TO MAKE	TO COVER
PREVENTIVE		
8 Level Tablespoons (2 oz.)	3 gallons	500 Sq. Ft.
1 Level Cup (4 oz.)	6 gallons	1,000 Sq. Ft.
CURATIVE		
12 Level Tablespoons (3 oz.)	3 gallons	500 Sq. Ft.
1½ Level Cups (6 oz.)	6 gallons	1,000 Sq. Ft.

PREVENTIVE PROGRAM: Begin applications in the spring before diseases appear, repeat every 10 to 14 days. During periods of very wet or damp weather, apply every 7 days. On new lawns, begin treatments as soon as first seeds germinate and repeat every 10 days until lawn is established.

CURATIVE PROGRAM: If disease is already established, use curative rate of ORTHO DYRENE Lawn Disease Control as outlined in Dilution Table. Make at least 3 successive applications at 7 day intervals until grass has recovered. Re-seed areas destroyed by disease. Continue treatments, using PREVENTIVE PROGRAM.

SNOW MOLD PROGRAM: Apply after the first killing frost in the fall. A second application should be made when the lawn or other turfgrass area is free of snow in mid-winter. Apply a third application after the final melting of snow in late winter or early spring.

CAUTION: Harmful if swallowed or inhaled. Avoid contact with eyes, skin, or clothing. Avoid breathing of dust or spray mist. Wash thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and hot water before re use.

Note to Physicians: Emergency Information—call (415) 233-3737. Dispose of container promptly when empty. Do not contaminate feed, foodstuffs, water supplies, and fish ponds.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
